Dear Friend Duke:-

Your letter received and glad
to hear from you, and you must pardon
me for not answering sooner, but I extended
my vacation much longer than I expected.
Also my wife has been in bed sick for about
three weeks so I have no chance to write or
any thing else, how ever she is a little better
today but she will be in at least another week.

I am no manager of the El Comodoro
Hotel and that takes my time, as they have
let it run it self for three years, how ever
I am sure you will get some nice business
this year, as it is a very nice place, in fact
the beds are the best in town, we have 200 rooms
each with a tub and shower, the location is
not the best but not bad, we are just two
blocks from the center of town.

By the way Duke, if any of the nut
is coming down it will be a great place
for them and I might help them find time
to time.

See the lad at the Hotel see if he can
give you some names I can write. as I
am not use to find the place and I am
in a position to give good rates.

If you are down to Linden see Paul
Hartman he is the judge and see there
and see if he can't give you a job he
works for me in the winter time
tree him down and see for you to get
on.

If you go down to Atlantic City see
Eddie Hassman, George Christie George
~~Hasback~~ Hasback, now Hasback
is my cousin. how ever he can't do you
any good there but Hassman can see
Christie and the work for me and
will do any thing they can for me.

I am sure I will be up that way
be for long as I will try and get some
of the good horse men and trainers
to stop at the Hotel.

It will be the latter part of the Oct I
will then come to New York.

Dear Sir,

About five weeks ago one of your Agents out of the Trenton Office called upon me and showed me a letter which stated that the Dept. of Justice had decided to return my car to me and would like to know where to ship same.

I advised your Agent that it would be convenient to have it shipped to the above address, but up to date I have not received same nor have I received any reply to the letter I wrote the Jacksonville office a few weeks ago regarding the delay in shipment of the car.

I have a position offered me in Florida for the winter and would appreciate any information you may be able to supply regarding the procedure it will be necessary for me to take to get my car out of Jacksonville as I will be in that city in about three weeks time. Trusting you will be able to enlighten me on this matter.

Dear Sir:

(In explanation of the enclosed letter)

Roy O. White (author of letter) came to Springfield Mo. in the winter of late 32 or early 33. I became acquainted with him and, borrowed money which, we used to establish the above business. (the business is now defunct)

Upon White's insistence that, his wife owned a large share of her brothers farm, near Parret, Minnesota. I borrowed more money and, took he and his family to Parret, for the purpose of converting Mrs. White's share of the farm into cash to finance the business.

After remaining a few days with the relatives, White suggested that, he and I return to Kansas City, and sell some hand painted menu boards, while his wife was selling her property.

In Kansas City, I left White and, returned to Springfield, to look after the business which was in bad shape and, within a few days, on May 19th. I received the enclosed letter from White. Thus ended my connection with White.

In case White proves to be your man, I will furnish as much information as possible. White has two brother in-law residing on farms about 9 miles from Parret, Minnesota. one, Pete Kohn and Andrew Kohn. White also has a very good friend at Baron, Wisconsin. by the name of Ray Higenmeister.

White while in Springfield, preached several sermons and, seemed to be quite an evangelist around Parret, which account for the kidnap message being written on the Union City Mission, letter head.

White is about 40 yrs. of age, is about 5ft. 7" tall weight about 135 lbs. is rather wide between the eyes and, has a tremendous crop of brown hair, will probably be dressed in high top boots and olive drab riding pants.

Wishing You Luck

Dear Sid.

When I got to Des Moines Iowa I called up north & they said they wanted to see me also. wired me money. The wife is waiting for me in this. The farm strike is on here now and no selling in this section at all so Pete wrote Jack he got to S.D. all right & Jack is not going to stay there but is going to meet me in Madison Wis. and work for me on that job. I am going to raise about \$90.00 here from Pete. I'll send you half of it so as you can settle up some of the things and then meet me in Wis. as I am going to Minneapolis Wednesday to get this money which is on a grain storage Co there also to pick up an old Ford. I can get one there for \$20.00 good enough to get me south. Things are plenty bad here now. plenty of trouble among the farmers. I did not like the way Wentz (George) did he does not want to sell unless he gets all he likes the rest & he wanted a car. you know how it was. Well I am going on that big cattle truck from barrett tomorrow he is hauling a load of tile (clay) to the city from the Paeser tile Co. Plant. I have had a tough time and got rotten treatment here when I come back, plain Hell, and I don't blame the wife for not staying here every one here raised Hell with me. Well Sid I'm going to do all I can and send you what I can raise but we must get that job started in Wis. I'll write you as soon as I get there & let you know where to come as it is a new Theatre in a small town near Madison & I don't know yet where we will stay. I don't bother about the Soitase Co. We will have to let it all ride for a few months and get the other work done I don't want to handle anything else he

we have the money to do it rite. I tried to get money from Kate my sister in law by telling her we had a car breakdown much up etc. all kinds of things but you have an idea & will know just about how they acted. but I got some satisfaction anyway besides Hell. Well it will not be much good writing to any address till I write you which will be as soon as possible as soon as I get planted some place in Wis. and its going to be as soon as I can. Im just sick of all this trouble from one side then the other & relations are now turning out worse than all, just kicked us out this time. its just the same as Chloes relations they are all the same well this made up my mind to do them the same as soon as I get on my feet, which won't be long. if I can help it. Well you'll here in a few days Sid and I'll send you what I can. We are also going to sell the things I have in mind. The wife sold the few things we had at Rays place to get money to go on as she could not get enough from here. Oh I tell you its must have been tough for her and the kids. And am I mad was I mad at them here. Well Sid you can rely on me. I'll do all I can. as I always have done we just get Hell from all sides but it can't go on for ever

Regards
Ray

I lived at this address with a friend Mrs. Yocom for the past four years. My mother's name is Mrs. Berbie Guron 1444 Station St. West Menter Ohio. I am a waitress by trade and have part time employment at the Bowery Casino 37 Ocean Drive Miami Beach Florida.

Mr. Sipis owner of the Bowery Casino introduced me to Duke Randall about one month ago I have had several dates with him since we met.

On Sunday night Jan. 20, 1935 Duke and I stopped in at the Bowery, Mr. Heller Cashier at the Bowery told Duke that he had a phone call, then Duke and Mr. Heller had a conversation. I did not hear what they said to each other.

After Duke and Mr. Heller finished talking Duke and I sat down at a table with Mr. Sipis, and Sipis' brother, Mr. Hansen and some other people.

Mrs. Kinan is the lady I live with at 202 Ocean Drive.

Duke asked me if I would make a phone call to Atlantic City New Jersey to a Mr. Morley at the Morley cigar store and ask him if any thing had happened there.

I went to a hotel near the Bowery, placed a call to Mr. Morley and ~~he~~ asked him if any thing had happened there, that I was a friend of Duke. Mr. Morley told me that there had been a shooting at a hotel there, the two men ~~were~~ ^{had} ~~shot~~ ^{been} away and the two women were being held by the Department of Justice. I asked him if there was any thing else happened and he said no that's all I know of, that has happened here.

Duke, after telling Duke what Mr. Morley had said he said "Oh my God I met some people and gave them note to a hotel in Atlantic City." He didn't say any more about it till a paper boy came in and we saw Duke's name in the paper. Then he said it must be the people he had given the note to. This was about 3 a.m. Monday morning Jan. 21, 1935.

Duke then took me home and I have not seen him since.

January 22, 1935.

I, Samuel E. Morley, make the following statement to F. B. Wright and N. S. Harzenstein, knowing them both to be Special Agents of the Division of Investigation, U. S. Department of Justice, of my own free will, without any threats or promises having been made ~~to~~ to me, and knowing that the same may be used against me.

I have known Duke Randall since the summer of 1932, when he led an orchestra at the Little Club, in Atlantic City. I knew him pretty well at that time, and used to see him frequently. He was married, although I understand that he has since had some trouble with his wife, and has split up with her. He was in Atlantic City for a short time during the summer of 1934. In 1932, he and his wife stayed at the New Richmond Hotel. In 1934, he stayed at the Danmore Hotel, run by my brother, William Morley and his partner, Daniel Young. Duke was in town again about six weeks ago, working as a metal lather on the construction of the New Yorker & Restaurant. He then stayed at the Danmore, and was ~~in~~ in town only for a few days.

I know that Daniel Young and his partners run a number game in Atlantic City. He was in Florida last winter, for ten weeks or thereabouts, with the idea in mind of going into the number game there. So far as I know, however, he never set up in business there because the gangs operating there might have taken it away from him. Daniel Young has the reputation of being straight in Atlantic City.

I spend most of my time in William's store, but I did not see the girl who is said to have come into the store on Friday afternoon and to have given him a note. So far as I know, I never saw either the two girls nor the two men involved in the shooting on Sunday morning, January 20, 1935, during the entire time they were registered at the Danmore Hotel. If any of them had come into the store, I would probably have recognized the pictures of the that I have seen.

On Monday, January 21, 1935, at about 12.30 AM, while I was in a pinochle game in the back room of the cigar store, the phone in the booth in the store rang. I answered, and the operator said, "Miami, Florida, calling." "Morley's Cigar Store?" I said ~~S.C.~~ "Yes." She said, "Miami, Florida, calling,-- hold the line." I heard money drop, and then I heard a voice, apparently that of a young woman ask, "Is this Morley's?" I answered, "Yes." She said, "This is a friend of Duke's (or Dick's)." I am not sure whether she said Duke's or Dick's, and I had no chance to ask her. She then asked, "What happened in Atlantic City this morning?" I said, "I understand there was a little shooting match." She asked, "How did the boys make out?" I said, "I believe the boys got away, but the girls were caught." She asked, "Where are they now?" I told her, "I believe they are on their way to Philadelphia with the Department of Justice men." She said, "Unh-unh!" and hung up immediately.

I do not know of Duke Randall being in Miami at the present time. I do, however, know that one Pete Jackson, who used to live at the New Richmond Hotel, went to Miami either during the end of November or the early part of December, 1934. Pete used to have a Penny Hearts game on the boardwalk here, and now runs a Penny Hearts game in Miami. About the first of January, 1935, Pete's wife, who is still in Atlantic City came into the cigar store and told me that Pete had wired to Daniel Young, telling him trying to get him interested in opening up a numbers game in Miami. Daniel was sick at the time, and when I next saw him, he told me he had paid

no attention to Pete's wire. Pete is almost 60 years old, is 6' or more tall, weighs about 180-190 lbs, and a year or two thin. He has grey hair.

I reside at the Kentucky Hotel, #126 So. Kentucky Ave., Atlantic City, N. J. I am by trade a contractor's mechanic. At present, there is no work in that line, and I work in my brother's cigar store. I have no interest in the business itself. I am single.

I have read the above statement, consisting of two pages, and it is all true, so that I am signing the bottom of the first page, and also affixing my signature here below.

J. L. L. Collins, make the following voluntary statement to P. C. Dunn & L. B. Nichols, Division of Investigation U. S. Dept of Justice.

Sometime during the latter part of October or the first of November I noted one morning that a Ford coupe of 1934 V 8 standard was parked under the eaves of the second cottage. This car was parked during the night and remained there for about 3 or 4 weeks when it was removed during the night. While it was parked it was covered with a tarpaulin. I do not know who parked the car or who took it away. I have seen Slick Rondell in a 1934 V 8 Ford coupe.

I have read the above statement and it is true.

I, Harry Cook make this free and voluntary statement to Special Agent, H. F. Small, Federal Bureau of Investigation, U. S. Dept of Justice. No promises or threats induced me to make this statement as I know it could be used against me in a Court of law.

I have known Joe Adams since 1931, when I first met him in Etowah, Tenn. Adams used to come here and visit his mother, Mrs. Laura Adams, and his two children Joe Jr. and Laura, who still live with J. A. Fowler, a locomotive engineer on the L. N. R. R. Adams used to come to my filling station and buy gas and oil for his car as we became friendly. At that time, 1931, I think Adams lived in Louisville, Ky. because he used to have Jefferson County, Kentucky license plates on his car. As Adams came back and forth on his visits to his mother and children he would look me up as we then became good friends.

I am twenty-eight years old, born in Knobville, Tenn. I am not married but reside with my mother, Mrs. A. J. Cook, Etowah, Tenn. I have never been arrested. I have been operating service stations in Etowah since 1931, and at present operate the Etowah Service Station in this town 7-2-167

Sometime during December 1934, while Joe Adams was here on a visit, he came to my station and asked me if I would get him some Tennessee license plates for a Buick car, and he gave me the name of the party on a piece of paper whom I was to get the plates for - which name I do not recall, nor have I the piece of paper now to the best of my knowledge. Adams told me to get the plates and send them to Miami, Fla. Adams told me at the time that these plates were for some fellows who are running whiskey between the north and south, going through Cincinnati on their trips. I said "Joe, that will get me in trouble - that's not right". He then said "Well will you get me the plates" and I said that "I would", as long as he wanted them badly. Adams gave me as I recall \$5.00 and I think the plates cost me \$3.00 - however the record at Athens would show what was paid.

After Adams gave me this money, he left Etowah, and I have never seen him since. A few days after my conversation with Adams, a party named Frank Jennings, came to my station, he lives in Etowah and informed me he was going to Athens, Tenn. I asked him to get the plates for me and gave him the piece of paper with the name on for whom

O ③ P.R.C.

He was to get the plates. This was the same name and paper that Adams had given me, with the motor number on it and description of the car.

Jennings got the plates in Athens, at the County seat and brought them back to me on the same day. I mailed the plates to Adams in a couple of days at the hotel address he had given me. I can't recall the name of that hotel.

Sometime after Christmas as I recall, I know it was after Christmas because my girl friend, Nannie Hamby, gave me a leather jacket and I was wearing it on this night and while I was attending a movie in Etowah, I got a telephone call from the my Gas. Station, I thought it was from Ray Arp, who works for me at the station, asking me to come down to the station as there was some fellow who wanted to see me right away. I excused myself and went to the station.

There I met two men, one was a thin-faced fellow that I do the talking to. The other one I paid no attention to. All that I can remember about the thin-faced fellow as far as description is concerned is that he has a sharp nose. The fellow driving the car wore glasses. The thin-faced fellow came up to me and said

H. R.C.:

"Do you know Joe Adams?" I replied "Yes".
He then said "Joe Adams is a good friend of mine"
and I said "Adams is a good friend of mine and
when he comes to town buys gas from me and I
think he's a fine fellow". I know Joe's mother and
she is a fine woman and very respectable. The thin-
faced fellow, not the one wearing glasses asked me:
"Didn't you buy some plates (license) for Adams?" I
told him I had. I noticed the car they were driving
it was a 1934, V8, Ford, two door Sedan, with a black
body I don't recall whether the car has a coach or
Sedan definitely, but I remember it has a Georgia
license on it. I said to the thin-faced fellow
after noticing the car was muddy "You fellows come
over some muddy roads" and he said "Yes we came
from Atlanta".

As he was getting into the car he handed me some
paper money and I told him "You don't owe me
anything". They had not bought anything at my station.
Then I attempted to give the money back to him.
The thin-faced fellow then said "I can make more
money than that in five minutes" I did not look

to see how much money they had given me, as I was surprised and didn't know what it was all about. Upon leaving my station they were in a great hurry. I want to truthfully state this is the only time I have ever seen these two men. Special Agent H. F. Small has shown me a picture of the Harpies, Barker, Davis, Campbell group and I have never seen any of them to my recollection. ^{\$ was fifty dollars, two twenties and one twenty bill.} I kept the money for three or four days, not knowing what to do with it. I finally took it down to the Centrell Banking Company in Elizabethtown, Tenn., where I asked either Alie Reader or Tom Centrell, Clerk and Cashier respectively whether it was good money. I did not explain how I got the money. It was informed the money was good and deposited to my account.

I have read this statement and it is the truth in all particulars and I sign it and affix my initials to all five pages.

I, Harry Cook make this supplemental statement to Special Agent H. F. Small to the one I gave him on 4-1-35. No promises or threats induced me to make either statement and I know they could be used against me in a court of law.

After viewing the picture of the party known as Duke Randall, which picture has been shown to me by Special Agent H. F. Small, I identify him as the thin faced fellow that visited my filling station and gave me \$50⁰⁰. This party is the same party that said he was a friend of Joe Adams, but I am positive that he did not make the statement "forget about Adams and the license plates" or even infer as much.

Our conversation was about those things which I mentioned in my previous statement, on 4-1-35. And at no time was any statement made by the party to "forget about Adams and the license plates" because such a statement would have made an impression on my mind, and I am sure I would have recalled such statement when I gave my first written statement on 4-1-35.

7-2-1938

After the party known as Randall and the
other man drove away from my station
on that night I have never seen either
since.

I am still at a loss to explain why
I was given the money and who the party
known as Randall can be.

This statement is the absolute truth.
I sign it and affix my initials on
the preceding page.

I, George A. Wilson, wish
to make the following statement
to J. S. Hansen, Special Agent,
Federal Bureau of Investigation, U. S.
Department of Justice.

My correct name is George
A. Russell but because of the
difficulty people have in pronouncing
my surname they have called me
Wilson which is the name I am
known by in Miami. I have been
in Miami since 1924 except for
the period of Oct. 1927 to Feb. 1931
when I was in Northern Florida
and New York City.

In the fall of 1934 I heard
that the El Comodoro Hotel was
planning to open its dining room.
Inasmuch I have for several
years operated dining rooms, I
arranged thru a friend, George
Newell to meet Bob Knight
and Joe Adams, the owner and
manager respectively of the El Comodoro
Hotel. As a result of this meeting

and subsequent discussions with these men I was employed to ~~have~~ charge manage the dining room at the El Comodoro Hotel on a profit sharing basis.

Since about the 12th of October 1934 I have lived in the El Comodoro Hotel. We opened the dining room on Oct. 18, 1934. Since that time I have resided continually at the El Comodoro.

I have been shown a number of photographs and of these I am able to identify those of persons who I am told are Kate Barker, Fred Barker, Harry Campbell, Wynona Burdette, Alvin Karpis and Delores Delaney as former guests of the Hotel. I did not know the names of any of these people except that I understood that Kate Barker's name was Mrs. O'Brien. I spoke to her by that name and she never corrected me. I recall that Kate Barker was at the Hotel on Oct. 18th when we opened the dining room because all of the guests were invited to a free

dinner in the living room

that day and she was present.

There after I saw her in the living room on many occasions.

I have also seen her in the dining room in the company of Fred Barker, Harry Campbell, Delores Delaney and Myrna Burdette. I noticed that

Kate Barker and Myrna Burdette did not appear to be friendly. I also noticed that when Fred Barker and Harry Campbell who I presumed were the sons of Kate Barker were away, Kate seemed very worried and would not eat the food she had ordered.

I do not recall seeing Matrice Yeller in the company of Delores Delaney, also I do not remember him being at the State on one or two occasions in about November and December 1934.

I also wish to say that I tried to get acquainted with the members of this gang who I have mentioned above but they were not

4

friendly. I wondered who these people were but do not recall ^{night} asking anyone in the Hotel ~~about~~ to their identities. I did notice, however, that Joe Adams spoke to them when they were in the lobby of the Hotel where the men in the crowd frequently played the ball machines located ^{In answer to my inquiries, Adams told me} ~~in~~ ^{that} these people were big ~~big~~ club agents from Chicago.

I also remembered that we frequently sent food up to rooms 1004 and 5, and 404 and 5 which I understand are the rooms occupied by these people.

I also recall that we prepared some special meals for these people on one occasion fixing a fish and steak dinner for them which was served in their rooms. ~~and cooked~~ ^{cooked} ~~and served to~~ I also remember fixing some chicken for them to have on a fishing trip or on a picnic the cost of the food being ~~98~~ ^{98⁰⁰} For some few weeks prior to the shooting at Oaklawn, Fla. I had not noticed any of these people.

I understand that the shooting took place on Jan 16, 1935. It is my recollection that a day or two prior to that time I saw Delores Delaney in the lobby of the Hotel. I noticed her because she was pregnant. She was standing near the elevators in the lobby and I recall that there was another girl with her who appeared to be in her company. While this second woman reminded me of Myrna Burdette yet it is my recollection at this time that this girl was a blond.

I also wish to say that I know Duke Randall and Gregory Codino. They were guests at the El Conquistador in November and December. Codino worked for me in the Dining Room and Randall was employed at the Bisayne Kennel Club for Joe Adams. I had seen Duke Randall driving a 1934 black colored Ford Coupe. He loaned the car to me on one occasion. He

-6-

also spoke to me about ~~selling~~^{Spelling} the car he was driving to me. I told him that I wanted to interested in buying the car about February 1st. Duke then said "You don't want the car - its hot - someone brought it down from Akron." I then told him I wasn't interested in the car. I have never seen Lee Adams driving this car. I had never heard that officers were checking us in Duke Randall and this car in November 1934.

On the day of the shooting in Ocklawaha, Fla. which I am told was January 16, 1935, I had read the newspaper accounts of the shooting and had learned from them as well as general talk around the state that Mrs. Barker and her son, Fred, had prior thereto stopped at the El Comodoro. That night about midnight Mr. Gray, one of the clerks at the hotel came in the barroom saying he wanted

to Jack to me. When I asked him what it was about he said he couldn't tell me there but wanted to know if he couldn't see me in my room. I went to my room, undressed and in a few minutes Gray came in. He said that there ^{are} some federal men in the house and that ^{they} had told him that Joe Adams was connected with the gang. I did not know what gang he was talking about so he then said with the people who had lived in 1005 and 405 further explaining that these people were part of the Karpis-Barker gang. This is my recollection now that at this time Gray said: "The federal agents had absolute proof that Adams was the contact man for the Karpis-Barker gang."

Gray asked me what he should do and I told him that he certainly ought to tell ~~the~~ Mr. Knight. As I recollect I then got dressed, telephoned to Mr. Bob Knight who

8-

was in the State and said he
would like to see him.

It was about 1 am on the 17th
of January when I talked to

Mr. Knight in Adams' office. The
two of us only were present. I
then told Mr. Knight what Gray
had said me, viz that federal
men were in the House and that
they claimed to have proof that
Adams was the contact man for
the Karpis-Barker gang. Knight
indicated that he was surprised.

He said that Adams was at
his apartment and he also
said that he wondered what
they should do. Finally he said
there is nothing that we can
do about it. Knight - well
have to wait until the morning.

While Knight and I were talking
Mr. Gray came in to the office
and Knight asked Gray about
the conversation he had with the
federal officers.

I do not recall if I told Mr.
Knight at this time that Harry Campbell

9

and Agnes Bondele had been
at the station a few days before
Gray remained at Gray and you
knew about the other

On the day after the shooting
and after my conversation with
Gray and Kuehne I saw Joe
Adams about ten A.M. I told
him what Gray had told me
and of our conversation with Mr.
Kuehne. I've said nothing except
that he didn't know who these
people were.

I, James Scott, hereby make the following statement freely and voluntarily to R. B. McDonald known to me as a Special Agent of the Federal Bureau of Investigation, U.S. Dept. of Justice. No threats or promises of any kind have been made to me to cause me to give this statement.

During the last three months of 1934 I was employed as head bellman at the El Comodoro Hotel in Miami, Fla. during the month of December 1934 I was ordered to take a radio to room 405. My first knowledge that this radio was to be delivered to this room came from one of the bell boys then on duty. I do not recall which boy told me this, neither do I know who gave him such order or instructions. I had Milton Johnson assist me and we got the radio out of the hotel check room. It is my thought that the radio belonged to Mr. L. E. Gray one of the hotel clerks, on going to room #405 to deliver the radio I saw a woman, who was pregnant, and a medium

2

size slender built man. I only saw the man from a side view. However, from photographs shown me I can identify the picture of Alvin Karpis as being a ~~likeness~~ of the man I saw in room 405.

I do not recall having taken or sent any papers to rooms occupied by any of the people associated with the man and woman. I got the radio which was a cabinet model.

On a few occasions I have taken a radio to a guest room but in such instance the guest owned the radio or had otherwise arranged for it himself outside. Sometimes we take the lobby radio to a guest room on instructions from the office.

I have read the above statement which is written on two pages before signing same and it is true.

I, Gladys Taffion, make this statement voluntarily to E. K. Wicker and J. H. Hansen, special agents of the Federal Bureau of Investigation, U. S. Department of Justice.

I reside at 711½ P.W. 5th ave., Miami,

Fla. For about four years prior to Dec. 5, 1934 I was employed as telephone operator and clerk at the El Comodoro Hotel, my duties consisting of taking care of the switchboard and receiving guests from time to time.

I have been shown photographs of various individuals, including Ted Barker,

Kate Barker, and Harry Campbell; and I recognize the pictures of the above people as a Mr. Blackburn, a Mrs. Ryan, and a Mr.

Summers, who were guests at the hotel during the fall of 1934. I remember these people quite well as I was curious to know what their business was. They did not appear to be doing anything, always seemed well supplied with money, and I did not dress in accordance with the money they had.

They all appeared to be friendly with Mr. Adams, the manager, and Summers and Blackburn went to his office to see him

- 2 -

on numerous occasions. Blackburn seemed to be the spokesman for the two of them. They never spent almost all of their time either in their rooms or hanging around the hotel lobby. They went on short trips several times, one of which was to Cuba. While they were away of this trip Mrs. Ryan paid their bill. All remarked that the boys were in Cuba.

On numerous occasions Mr. Sanderson, the auditor, and I remarked to each other that these people must have been in some racket. They paid high rates and never questioned prices. The rate on the room occupied by Summers and Blackburn, as well as Mrs. Ryan was fixed by Mr. Adams. On one occasion Blackburn presented a \$5.00 dollar bill to me in payment of his bill, and when I could not change it he left the bill, telling me to leave the change for him. When I asked Mr. Knight for change for the bill he asked me where I had gotten it. I told him from the man in #1005 and he wanted to know what I knew about the man. I told him that I didn't know anything about them except that they were friends of Mr. Adams.

The photograph of Casius H. Donald has also been shown me. I believe I have seen this man in the hotel but I am not sure of this.

I was dismissed from my position at the hotel by Mr. Adams for lack of cooperation. Several other employees were let go at the same time. I feel positive that Mr. Adams reason for this action was to place some of his friends in our positions.

I recognize the picture of Alvin Karpis as shown to me by agents as that of E. M. Green. I have worked in the office of Dr. John E. Hall for the past 13 years.

Green was treated daily by Dr. Hall for a period of five or six weeks prior to January 14, 1935 which date was the last time that he came to the office.

Green often used the phone at the office and on two occasions I heard him call for Mr. Adams; I was unable to make out the conversations as Green talked in a low tone of voice.

I, Joseph H. Adams, make the following voluntary statement to Special Agents R. L. Jones and J. H. Stinson of the Division of Investigation, U. S. Dept. of Justice. No threats have been made against me. No promises have been made to me. I know that this statement can be used against me in a criminal court.

Since about August 1, 1934, I have managed the El Comodoro Hotel in Miami, Fla., for my father-in-law, T. R. Knight. Prior to that time for a period of several years and at the present time I have been also engaged in the greyhound racing business. At present, I am also manager of the Biscayne Kennel Club in Miami Shores Village, a suburb of Miami, Fla.

In about April 1934 when I was at Newark, N. J., for a period of several weeks seeking a dog track location, I met Duke Randall there a clerk at the Douglas Hotel. I employed Randall to drive my car. I knew nothing about Randall at that time. He

worked for me for about 6 months during which time we became quite friendly. Before I left Newark for Miami, Randall spoke to me about getting work in Miami during this present winter. I told him that if he came down here I would assist him in getting work. From the time I left Newark until the latter part of Oct. 1934, when Duke Randall came to Miami, Fla., accompanied by his friend, Gregory L. Comodo, I had written several letters to Duke telling him that I would get him work in Miami and that if he came to Miami, he could find as the El Comodoro Hotel until the season started. I had also told him ^{our} that I would take care of his ~~taxi~~^{car} and that I would see that he got his board. I understand that Randall and Comodo drove down here in an old Ford coupe. At the time Randall arrived here, he told me that he had been working in New Jersey at the leather business and that he had a little money. Prior to Duke's coming to Miami he had written to me from Newark that he was in trouble for an assault charge and tried to borrow \$250.00 from me to settle it. I never

answering his letters asking for the
money. After his arrival this case
was never discussed. On Dec.
1, 1934, we opened the Biscayne Kennel
Club and Randall was given em-
ployment by me as a guard at the
track. His salary was \$100 per day and
what he was carried on the payroll of the
Ralph Armored Service Co., the Biscayne
Kennel Club remitted to the Ralph Co. for
Randall's service. The Ralph Co. arranged
for Randall's special police commission.
On an occasion in about December
1934 when I was at the Biscayne Kennel
Club, Randall attempted to show me
some papers which appeared to be legal
documents and at the same time he said
something about having been convicted of
murder and that the papers indicated
that everything had been cleared up. I
was busy at the time and paid no
attention to what he was saying. He
never discussed this matter subsequently.
On another occasion, a few weeks after
Randall came to Miami, I found
a note in my desk which was written
in the El Comodoro Hotel stationery. The note
had not been sent thru the mails. It
read to the effect that I had befriended

who signed the note as "Philadelphia Police"

nothing much of this note, but showed it to
Dale Randall who took a note book from
his pocket, looked thru it and then said that
this was such a party as the writer of it.
Randall, however, said nothing to indicate
that he knew who wrote the note.

I have known William Harrison
for at least 5 years. I first met him
when he was selling or cashing tickets
at the Miami Beach Kennel Club. I don't
recall who introduced me to him. However,
since that time I have seen him in Miami
frequently and recall that I also saw
him 2 or 3 years ago at the Derby in
Louisville, Ky. In Miami, I had
been told that Harrison was an excellent
golf player and on one occasion I played
golf with him. I don't recall any of
his associates, but I think everybody
running the track at Miami Beach,
the gambling places and the saloons
there know him.

On Sept 1, 1934, William Harrison
accompanied by a man whom he called
"Sam" came to the El Comodoro Hotel,

U. S. Bureau of Investigation

Department of Justice

after I had met Harrison on the street in Miami a few days earlier when in a general conversation I informed him that I was at that time managing the El Comodoro Hotel. While I didn't check Harrison in the Hotel I believe I saw him on that day. He was then accompanied by the man called "Sea-Lion" whose photo-graph I have identified as Harry Sawyer. On that day I recall Harrison telling me that a friend was coming in on a plane that day from Havana. The next day they brought an elderly man to the Hotel who they introduced to me as Cash McDonald from Detroit. McDonald did not stop at the El Comodoro, but he told me that he was stopping at the McAllister.

During the period of Sept 1 to the 12 1934 when Harrison and "Sea Lion" were at the El Comodoro, I saw them frequently in company with McDonald. I understood from general conversation with them that Sea Lion operated a gambling place and Saloon in the West, further that he had been in trouble with the U. S. government having been questioned on numerous occasions in

U. S. Bureau of Investigation

Department of Justice

-6-

connection with income tax matter.
On one occasion I heard Jim "Tee" Garrison that he claimed have registered at the hotel under his correct. Practically all of the conversation I had with these men concerned gambling. They frequently referred to the "Big Deal" in Cuba saying they had secured control at the Cockey Club, the National Casino, both in Havana and that they controlled all of the gambling in Cuba and that they expected to open a place in the Playa State in Havana. They also spoke of opening a place in Miami and I drove them in my Lincoln Sedan to look at several sites for a gambling place in Miami. One of the places I took them to was Broward County, Florida, where I showed them a big white house that had been erected for a Casino and which place is located opposite the dog track. On this trip we returned by the way of Miami Beach and I recall that when getting a sandwich there that Garrison told the bartender that he, Garrison, formerly

J. H. H.

U. S. Bureau of Investigation

Department of Justice

Operated a saloon on Miami Beach; further that this place was located on Collins Ave and 23rd St. In connection with the proposed gambling site in Broward County, he discussed this matter on several times and I even made a trip to Hollywood, Fla. to see a lawyer, whose name I don't recall, but who represented someone having a mechanics lien on this place. No further negotiations were entered by me or these men to my knowledge concerning this particular site.

During this particular period these men also told me that they had a gambling place in the North, as I recall in Ohio.

~~During~~ During this period, I also recall that Harrison and McDonald made a trip by air to Havana. "Sea Lion" stayed at the El Comodoro during the time they were gone.

On Harrison's return to Miami, and as I recall about 2 days before he and "Sea Lion" checked out of the States, Harrison came to me in my private office at the El Comodoro with a package, wrapped in newspaper. He told me there was a gun in the package and asked me if I would

U. S. Bureau of Investigation

keeps it until he returned. He mentioned that he was going back to Havana to close their deal on the Jockey Club and all the gambling. About 2 days after giving me the gun, Harrison and Sealion checked out of the Hotel unbeknown to me.

I wish to say at this time also that during the time Harrison and Sealion were at the El Comodoro Hotel Cash McDonald made frequent trips by air to Havana. He remarked once during this time that he made enough air trips to Havana to own the ship. He always carried a tan brief case at this time. I never saw the contents of it but I do recall that whenever Cash McDonald returned from Havana, he with Harrison and Sealion generally went up to Harrison's room immediately. They at no time during this period mentioned anything except gambling and Whiskey. They at no time mentioned the Bremer Kidnapping case, nor the fact that they were exchanging money. They at no time during this period mentioned the names of the Barker-Karpis gang by name or by the aliases that I knew Fred Barker, Alvin Karpis and Harry Campbell, as I will explain below.

I [

With reference to the gun that I mentioned above and which was left with me by Harrison, several weeks after he left the El Comodoro, I spoke to T. C. Blackburn about this package asking him if he knew when Harrison would return to Miami. This was prior to Thanksgiving some time. I did not tell Blackburn what was in the package nor did I tell anyone else about it. Then about the middle Dec. 1934, I saw Harrison in the lobby of the El Comodoro and I asked him when he was going to take the package he had left with me. He replied that he would call for it the next day, but he never did. From the time I ^{had} received this gun in Sept. 1934, it remained wrapped in paper in my golf bag which was sitting in my office at the Hotel. Just before Xmas 1934, I had my office located on the main floor at the Hotel repainted. For this reason I moved my office temporarily to room 210 in the El Comodoro. I moved my golf bag up there placing it in the closet and at that time I thought of the gun in the golf bag. I took the package out and opened it when I recognized it as a

J. A. L.

U. S. Bureau of Investigation

Department of Justice

A machine gun of some kind. I also noticed that the manufacturer's name on the gun, as well as other marks of identification had been chiseled off of it. There were also several clips in the package all of which contained ~~steel~~ cartridges. The gun that has been shown to me by Special Agents Hansen and Jones appears to be the same gun that was left with me by Harrison. When I saw what kind of a gun this was, I put it back in the golf sack. Several days later, after debating what to do with the gun, I called Clark Randall to my office, showed him the gun after removing it from my golf bag, gave him the gun and the clips and told him to throw the gun and clips in the Bay. I did not tell him to have a box made for the gun or to check it in the check room at the El Comodoro Hotel. After this occurrence, Clark Randall told me he had dumped the gun in the bay. I had never registered this gun with the Collector of Internal Revenue and had never taken any steps in connection with it in any manner except as has been described above.

With reference to the members of the Barker-Karpis gang, I wish to state that I knew Alvin Karpis by the name of "Mugger and Green"; that I knew Fred Barker by the name of T. C. Blackburn and Harry Campbell by the name of Summers. I wish to say that at this time, I did not know any of these men were Alvin Karpis, Fred Barker and Harry Campbell. I believe that these people were referred to the El Comodoro Hotel by Cash McDonald. It being the case at Miami as I have explained above, McDonald told me that he would refer his friends to my hotel and that they would stop there enroute to Cuba. When Karpis as "Mugger" came to the El Comodoro in about Sept or Oct 1934, he asked me if I knew Cash McDonald. He then introduced ^{himself} to me as "Mugger". Likewise when Fred Barker who I knew as T. C. Blackburn and Harry Campbell who I knew as Summers came to the hotel they also spoke to Cash McDonald asking me if I knew him. As I recall at this time, Blackburn told me that Cash McDonald had sent me to the El Comodoro hotel. These men

J. A. D.

U. S. Bureau of Investigation

Department of Justice

-12-

When staying at the El Comodoro Hotel
were accompanied by Mrs. Kito Barker
who had registered at the hotel as Mrs. Ryan.
She was represented by Blackburn as being
his mother. Harry Campbell was accompanied
by ~~the woman identified~~ who ~~was~~ photographed
~~and who~~ a woman
on some of these occasions but I never saw
her. Harpo, who I knew as Haggner
and Green, was accompanied by a young
lady who was represented to be his wife
and who I later noticed was pregnant.
This entire group of people stayed at the
El Comodoro at various intervals from
Sept 1934 up until January 1935.
Some time, some of them stayed as long as
several weeks. During their stays I
had frequent conversations with the men
and they generally discussed gambling.
They frequently spoke at this time of
Cash McDonald, of how they were booked
up in gambling in Cuba, that Cash was
to handle all of the dealings and that they
were connected with the gambling in
Ohio. The first of several reports from that
I did for these people was in about
November 1934, when I told Blackburn

J. H. D.

that I was going to Tennessee. He at that time asked me to get some automobile license plates for him there. I told him that I would try to do this. He at that time said he was a bootlegger. He gave me the description of his car which was a Buick Coupe. He also gave me the major number of the car. Then I got to Eloway, Tenn., I spoke to a friend who operates a garage there and whose name is Harry Cook. I give him a description of Blackburn's car and told him I wanted to get license plates for T.C. Blackburn who was a bootlegger and that they should be mailed to Blackburn in my care at the Commodore Hotel. When the plates arrived in Miami, Blackburn was living at Lakewood, Fla., and I forwarded the plates to him there. Blackburn gave me three dollars ^{without which} to buy these plates. I wired him in Oklahoma that I was forwarding these plates to him.

About the same time that I got Blackburn the license plates or perhaps a short time before that Blackburn came to me saying that he had made several trips

J. A. A.

in the state of Florida and that he was planning on renting a place at Orlando, Fla. Knowing that Carson Bradford had a place in that part of the state at Oaklaway, Fla., located on Lakeview, I spoke to Blackburn about it. He appeared to be interested and said that he would go there to look at it. I drew a map for him showing him the directions. This was done a regular road map. After Blackburn, Mrs. Ryan and Summers had been away on a trip they told me they had looked Bradford's place over and that they wanted to rent it. I ~~then~~ then telephoned to Mr. Bradford telling him I had some people at the hotel who would like to rent his summer house at Lakeview. He replied that he would rent it for \$250 per month. Blackburn then agreed to rent it on a monthly basis. No papers were signed, nor was a lease drawn for the rental of this place. To my knowledge Bradford never met Blackburn, Green or Summers. While the Bradfords were at

J. H. D.

U. S. Bureau of Investigation

Department of Justice

-15-

This time, I visited them there on one occasion. I drove up there alone in Duke Kindall's Ford Coupe on that occasion and will explain my reason for making that trip below.

When they were at Bradfords' place they asked me to have the newspaper sent to them. I never did do that because I didn't want to be bothered with mailing the papers to them each day. ~~I recall that on a visit that they made to Miami~~

I also recall that one of my bell boys at the El Comodoro left my service and when he resigned he said he was going to take them to work for the Blackburns. After about a week this bell boy who is a negro and who is named Johnson came back to the Hotel saying he had left the Blackburns' employment. I gave him his job back.

Another thing that I did for Blackburn was to arrange for the purchase of some jewelry for him. As I recall, the day or two before Xmas. Blackburn with Maynard was at the El Comodoro. They came to my private office on the second floor in the El Comodoro. I believe that I had just

J. H. D.

Blackburn and Stagg were in the lobby of the State. Duke Randall was with me in this occasion. After the four of us had been talking for a while Blackburn said something about buying a Xmas present for his mother. I suggested to him that we could have some things sent to the State. The four of us then went to my private office where we talked for a while and drank some beer. I then telephoned the Sutter Jewelry Co., told them who I was and that I was going to send a man down to get some jewelry from which to make a selection. I then asked them for some suggestions for a woman close Mrs. Ryan's age. I also asked Duke Randall to go down to the Jewelry Co. to get the samples. I gave him no my cards or a note to the Jewelry Co. instructing them to give the bearer the samples. When Duke returned with the jewelry, Blackburn selected a couple of diamond bar pins. As I recollect the purchase price was less than

C
H
A

\$200. Blackham paid for the jewelry giving the money to Duke. I paid no attention to his bankroll. I recall that I telephoned Sutton for a reduction in the price of the jewels selected. Duke then returned the jewels not purchased and so far as I know paid for the articles that Blackham decided to buy.

As I recall on this same day Maygner mentioned that he had been looking at a Buick automobile at the Unger agency and that he was going to buy a car. As they left my office I heard Maygner and Randall talking about the purchase. I heard Maygner ask Randall if he would buy the car for him. I recall that a purchase price of \$400 was mentioned. I did not call anyone at the Unger Buick Co., telling them that Maygner was interested in the purchase of a Buick car. Previously, however, Blackham had told me that he was contemplating trading his Buick Coupe for a new car and at that time I told him that if he was going to buy a car that I would like to see him buy it from Unger. Let

U. S. Bureau of Investigation

that time telephoned Mr Arthur Unger telling him that a friend of mine from up in the country was planning to buy a new Buick and that I would like to have him take care of this friend. He promised to do so, but so far as I know Blackham never bought a Buick from Unger.

At this time I would like to say that so far as I know Alvin Karpis never used any names except Waggoner and Green. I did not know that he had used the name of Leroy Morrison nor did I know that that he had purchased a Buick from Unger. I do not know if Duke Randall purchased a car for Karpis. So far as I know Duke Randall knew Karpis by the names of Waggoner and Green.

In the first part of December 1934 when Karpis was staying at the El Comodoro Hotel with his wife, he asked me to refer him to a physician for his wife who was pregnant. As I recall I telephoned Mr. F. O. Nichols telling him that one of my guests was coming over to see him. I don't recall if I gave him the name of Karpis who I knew as Waggoner at that time. So far as I know Mr. Nichols never

U. S. Bureau of Investigation

Department of Justice

called in Karpis' wife or the ⁻¹⁹⁻ ~~estate~~
I did mention Dr. Nichols that these
people were named Woods. I do not
recall any conversation with Dr. Nichols
about these people except that when I
referred them to him I told him that these
people had paid their hotel bills and that
I thought they would be a good risk.

About the middle of December 1934 or
perhaps shortly prior thereto, Waggoner
spoke to me about renting a house saying
that because his wife was pregnant, they wanted
to get a quiet place. At that time he had
several clippings from the newspaper
concerning the rental of houses and had asked
me about the locations of these houses.

About this same time, a ^{Thomas} ~~Miss Flagg~~
~~dog breeder~~ who races dogs at the ~~Biscayne~~ ~~racetrack~~
~~had~~ had mentioned to me and Mr.
T-R. Knight that he had a house to
rent. The occasion for this was at a
time when Mr. Thomas had met with
us to discuss the purchase of the
Biscayne Kennel Club. At that time
he spoke about his house. Mr. Knight
and I then drove by the place
and looked it over. At that time we
had in mind the establishing of Mr.

C. H. D.

U. S. Bureau of Investigation

Department of Justice

Thomas' financial worth rather than the renting of the home for him. However when ~~Mr~~ ²⁰ ~~Thag~~ ^{Thag} talked to me about renting a home I thought of the Thomas place. As I recall I drove Mrs. Thaggoon to the Thomas home. I am not certain but I believe Thaggoon was also with Mr. Thomas and agreed to rent the home for \$750⁰⁰ for the season and Thaggoon agreed also to this price. I did not assist in drawing up the lease for the home. Thaggoon, however, gave me \$750⁰⁰ to pay Thomas for the rent. Thaggoon took this money from an envelope that he had in the Al Comodoro Hotel vault. This money had been given to me by Thaggoon along with some other money and was kept in an envelope in the hotel vault for safe keeping, as is done with other guests. Thaggoon had left this money there a few days prior thereto and had left it in his wife's name. The \$750⁰⁰ as I recall was in fives, tens and twenties. I also wish to say that Thaggoon on several occasions asked for this envelope and took money from it. Mrs. Thaggoon never called for the envelope to my knowledge.

On the day after the shooting at Ocklawaha, Fla., Duke Randall

J. H. A.

Came to me as the El Comador with the claim check for the \$12.00 in envelope and with a note from Mrs. Maggiori. Duke said that Mrs. Maggiori wanted \$12.00. I got the envelope. At that time I said to him it was a shame about Bradfords house and that I ought to keep the money for repairs to it. At this time I had read in the papers about Blackham being Fred Barker and that he was wanted for the Bruno Kidnapping. I then realized that Maggiori and Summers were also wanted for the same thing. At this time or the next day or so I saw Maggiori's picture in the Swami Beach Picture and realized that he was Karpis. At the time I gave Randall the \$100. I told him that if he was mixed up with these people he was getting himself in trouble. That night when I talked to Randall he told me he had seen Maggiori and Summers on the night of the shooting with their women and that he had communicated with a friend in Atlantic City and that they were going up there. He also said he had bought railway tickets for the girls to Atlantic City. I did not tell the police authorities about

J. F. J.

U. S. Bureau of Investigation

this; nor had I learned of Randall's
associating them until this time.

It also worth to say that after
Mayzner first stopped at the El Comodos
he left ~~the~~ ^{he was driving} Ford compact in the parking lot
in rear of the hotel. When he left he
turned over to me the regis. reg for the car
saying the registration papers were in the car
and that the owner or Willis Garrison
would come down and get the car. He
said that if I wanted to use it that it
would be OK and that if Garrison or the
owner didn't come for it, I could sell it.
After the car was in the lot for a few
weeks I had it moved to the Biscayne
Kennel Club. In the first part of November
1934, I told Duke Randall that he
could use it. I gave him the money
for the license plates. I told him the
circumstances under which it was
left with me and that it might be
a stolen car but that if he wanted to
use it and buy plates for it that it
would be OK. He did this, and he
frequently drove the car at this time.
After I had turned the car over to
Randall, Mayzner came back to the

J. H. D.

U. S. Bureau of Investigation

Department of Justice

Mr. Comodoro in several occasions²³. He asked about the car and in reply to the questions he puts to me, I told him nothing the owner nor Harrison had called for the car and that Randall had it. He said that rather than have Randall give it up, he would buy another car. That was all that was ever said about the car. I paid nothing for it.

I wish to say that I never got any money from this bunch of men except the Hell business that I got from them.

I also wish to say that about the middle of Dec. 1934, I began to get suspicion of this group of men and the way they were acting. Because of this I told Randall to get rid of the gun that had been left with me also of the Ford Coupe. I further had Randall make a trip to Stowak, Tenn., to see Cook for the purpose of having the records of the license plates that I had ~~placed~~ ^{placed} there on the license plates that I had ~~placed~~ ^{placed} for Blackburn so that they could not be traced to me. Randall made this trip and told me that this had been done.

J. H. D.

I was also snapcasing of the
because in a trip that Cash McDonald
made to Miami in the latter part of
December 1934, about Xmas time, when
he came to the El Comodoro to see me
and asked for Blackburn's and Haggard's
addresses, which I gave to him, in reply
to my questions as to the identities of these
persons, he changed the subject and
ended the question I asked him.

At this time, I told Cash that I would
telephone Haggard to come over but he
told me he was busy but would go by his
place. Cash referred to Karpis as Haggard.
I never saw Cash McDonald, Willard
Harrison or "Sea Lion" in the presence of ^{the} Barker,
Karpis or Campbell, but from their conversations
they speak lots of each other as partners.

I wish to say here that after
Randall got the thousand dollar bill from
me as was explained above, there remained
another thousand dollar bill. This is the
bill that I turned over to Special Agents
Jones and Hanson. I kept it to offset
it to Mr. Bradford for repairs on his
house, but he refused it. I offered it
to him a day or two after the shooting at
Oklahoma, but when he refused it, I kept it.

J. H. J.

until last Saturday when I gave it to the special agents mentioned above. I saw them put their marks of identification on it.

I also wish to say that on an occasion when I saw Cash McDonald in the latter part of Dec 1934, after he had asked me where Hagganor was living, he told me that he had been by Hagganor place, at this time he also told me that a friend of his named Art, the last name being Hebrewman or some such spelling, would contact me in the near future. He said that Art would stop at the Fleetwood Hotel, that he had been by the Hotel to see a Mr. Brennan or Brennan and told him to have Art get in touch with me. He also described Art as a gambler from Cleveland, that he was coming by plane from California and for me to take him as an address in return when Art arrived. He gave me a call address that I recall was something like Frederico Shadclford.

J. H. J.

U. S. Bureau of Investigation

Cash McDonald referred to Art as his partner and wanted me to meet him so that they could locate a gambling place in this vicinity. I read that I asked McDonald if he wanted a place on Miami Beach and he told me that he didn't want to compete with the fellows there. He also mentioned having a meeting on South Miami Beach with a dozen or more fellows. I don't know what this meeting was about.

After having had this statement read to me by Special Agent Dawson, I voluntarily affix my signature hereto, no promises having been made to me, nor any force exercised against me.

I also wish to add that after I got suspicious of these people, in the latter part of December, I made a trip to Oklahoma to observe them at the Bradford home. Everything appears to be regular there. Blackham and his mother were there and there was nothing more to arouse my suspicions.

I also wish to say that several months ago when Haggard was at the

sidney man so I referred him to

DISTRICT COURT OF THE UNITED STATES
FOR THE DISTRICT OF MINNESOTA
THIRD DIVISION

At a stated term of the District Court of the United States of America for the District of Minnesota held at the City of Saint Paul, within and for the District and Division aforesaid, on the first Tuesday in April, being the third day of April, in the year of our Lord one thousand nine hundred and thirty-four, by a duly impaneled, charged and sworn Grand Jury of the United States of America within and for said District and Division, it is presented in manner and form following, that is to say:

UNITED STATES OF AMERICA }
District of Minnesota } etc.
Third Division }

The Grand Jurors of the United States of America within and for said District and Division in the name and by the authority of the said United States of America, upon their oaths present that heretofore, to wit: on and prior to the seventeenth day of January, 1934, and thence continuously thereafter until the return of this indictment, within the state and district of Minnesota and within the jurisdiction of this Court, and at Chicago, Illinois, and at divers other places to the Grand Jurors unknown, and hence not herein stated,

one ALVIN KARPAVICS alias Alvin Karpis,
one ARTHUR R. PARKER, alias "Doc" Parker,
one JOHN JOSEPH McLAUGHLIN, Sr., alias "Boss" McLaughlin,
one JOHN JOSEPH McLAUGHLIN, Jr.,
one PHILIP J. DELANEY,
one WILLIAM EDWARD VIDLER,
one FRANKIE WRIGHT,
one ROY GRAY alias "Slim" alias Mr. Smith,
one "IZZY" alias Mr. Jones, whose true name is to the Grand Jurors unknown, but who is described as being height 5 feet, 9 inches, weight 165 to 170 pounds, 45 to 50 years of age, with poxmarked cheeks and large nose,
one JOHN DOE, whose true name is to the Grand Jurors unknown, but who is described as being approximately 20 to 30 years of age, height 5 feet 10 inches, weight 140 pounds, light complexion, and
one RICHARD ROE, whose true name is to the Grand Jurors unknown, but who is described as being approximately 40 years of age, well built, sandy hair, height 5 feet, 10 inches, weight about 160 pounds,

hereinafter referred to as "defendants" did knowingly, wilfully, unlawfully and feloniously conspire, combine, confederate and agree together, and with each other, and with divers other persons, whose names are to the Grand Jurors unknown, and hence not herein stated, to commit during the period of time from and prior to the Seventeenth day of January, 1934, and continuously thereafter up to and including the date of the return of this indictment, a certain offense against the United States of America, that is to say, to violate the provisions of the Act of Congress approved June 22, 1932 (Chapter 271, 47 Stat. 326; Section 408a, Title 18 U.S.C.A.), and that they, said defendants, did knowingly, wilfully, unlawfully and feloniously conspire, combine, confederate and agree together, and with each other, and with divers other persons unknown to the Grand Jurors and hence not herein stated, to transport and cause to be transported in Interstate Commerce a person namely Edward G. Bremer, hereinafter referred to as "victim", whom they would unlawfully seize, kidnap, abduct, carry away and confine and hold for ransom and;

The Grand Jurors further charge that said conspiracy, confederation, combination and agreement was to be carried out in and by the following manner and means, that is to say:

That it was a part of said conspiracy that said defendants would whenever and wherever possible at the city of Saint Paul, in the county of Ramsey, in the state and district of Minnesota, accost, intercept, seize, kidnap and abduct and take in their custody unlawfully that certain person then and there being, namely Edward G. Bremer, said victim;

That it was further a part of said conspiracy that after having unlawfully seized, kidnapped, abducted and carried away and confined the said victim in their custody they, the defendants aforesaid, thereafter would hold said victim for and demand for his safe release from their custody ransom in the sum of Five Hundred Thousand Dollars (\$300,000.00);

That it was further a part of said conspiracy that they, the defendants aforesaid, in effecting the unlawful seizure and confinement of said victim,

as aforesaid, would have an automobile under their control at the time and place aforesaid and that thereafter they would blindfold, conceal and confine said victim in said automobile;

That it was a further part of said conspiracy that after so concealing and confining said victim in said automobile, in which he would be concealed as aforesaid, they, the defendants aforesaid, knowingly, unlawfully and feloniously would abduct, carry away and transport the said victim in Interstate Commerce, to wit, from the place of seizure in the city of Saint Paul, in the county of Ramsey, in the state and district of Minnesota, by a route to be selected by them, the defendants aforesaid (said route being to the Grand Juries unknown), into the state of Wisconsin, and to a point in the state of Wisconsin, the exact description or location of said point being unknown to the Grand Juries, where they, the defendants aforesaid, would have a safe retreat at which to further confine and hold said victim for ransom, and it was further a part of said conspiracy to move the said victim to such other places in other states as would from time to time become necessary and expedient in order to maintain and keep the said victim always in a safe place of retreat and concealment and always to keep said victim away from discovery and rescue;

That it was a further part of said conspiracy that they, the defendants aforesaid, after the unlawful seizure of said victim had been effected by them as aforesaid, would select with the advice of the victim some suitable person to be contacted from time to time by them, the defendants aforesaid, who would contact in turn and convey to friends and relatives of said victim such notes, letters, and communications as they, the defendants aforesaid, should deem necessary containing instructions with regard to the place where and the manner and amount in which the ransom money for the release of said victim should be paid;

That it was a further part of said conspiracy that they, the defendants aforesaid, would not release said victim from confinement in their custody until

such time as the ransom money to be demanded by them, as aforesaid, actually had been paid to them by friends and relatives of said victim acting through the contact man to be selected by them, as aforesaid;

that it was a further part of said conspiracy that they, the defendants, immediately upon receipt of said ransom money would proceed to Chicago, Illinois, and divers other points, unknown to the Grand Jurors, far distant from the scene of kidnapping, place of confinement and place of ransom payment, for the purpose of changing said ransom money for other moneys or securities in order to avoid detection, apprehension and arrest through the means of marked or identified money;

That it was a further part of said conspiracy that they, the said defendants aforesaid, would after having secured possession of all possible moneys paid for the ransom and return of said victim, blindfold and transport said victim back into the state of Minnesota in order that all possible evidence of transportation of said victim in Interstate Commerce would be concealed and that the chances of detection and prosecution of said defendants by the United States of America would be rendered as difficult as possible;

And it was a further part of said conspiracy that said conspiracy would continue as long as necessary and in as many places as necessary in order that said ransom moneys could be converted to the use and benefit of said defendants with the greatest safety to them from apprehension and prosecution;

And in furtherance of, in execution of and for the purpose of carrying out and to effect the object, design, and purpose of said conspiracy, the hereinbefore named defendants did at the several times and places hereinbefore mentioned in connection with their mass, commit the several overt acts hereinbefore specified:

MEMORANDUM

August 26, 1937

Investigation conducted by Special Agents of the Federal Bureau of Investigation during the past several years in connection with the operations of the Barker-Karpis gang has disclosed that certain officers of the Toledo, Ohio, Police Department have been intimately associated with persons known to harbor wanted criminals, and strong indications have been developed that certain of these officers have been collecting graft from various persons engaged in illegal activities. The following information, set forth in resume form, is prepared only to serve as the basis for the conducting of appropriate inquiry into these matters by persons having an official interest therein, and is not intended to constitute complete evidence concerning the activities outlined.

George Timiney of the Toledo, Ohio, Police Department for several years prior to May of 1935, was very friendly with Theodore and Bert Angus, who operated a night club known as the Casino, located on Summit Street in Point Place, Ohio, a suburb of Toledo. The Angus brothers in Federal Court at Cleveland, Ohio, on July 12, 1937, were sentenced to serve two years and ten months imprisonment and fined \$500.00 each for having harbored members of the Barker-Karpis gang who were the kidnapers of Edward George Bremer of St. Paul, Minnesota. Members of this gang frequented the Casino, particularly in the Spring and Summer of 1934, while they were fugitives. It was because of their friendship with the Angus brothers and other Toledo underworld characters that these fugitives were able to avoid apprehension for a considerable period of time.

From various sources information was received that Theodore Angus was a vice graft collector for Mayor Thatcher of Toledo, and that all protection money for the operation of houses of prostitution was collected by Theodore Angus, who at that time was aligned with the Licavoli gang in Toledo. Information from reliable sources at Toledo disclosed that Captain George Timiney was very friendly with the Angus brothers during this period of time, and undoubtedly received from them a portion of the protection money which was collected.

An official of the Toledo Police Department has advised that it was common knowledge that Theodore Angus was a graft collector and vice boss in Toledo, and that he was an intimate friend of Captain George Timiney, and further, that the Angus brothers collected graft from underworld circles for a period of six or seven years while George Timiney was head of the vice and hoodlum squad of the Toledo Police Department.

A detective of the Toledo Police Department has advised that he was satisfied beyond all doubt that George Timiney was collecting money for protection afforded people engaged in illegal activities. Another member

of the Toledo Police Department who served on the vice squad in 1931 advised that Theodore Angus came into power and exercised a great deal of control over rackets subsequent to the time that George Timiney was appointed as head of the vice squad. This officer alleges that George Timiney and Theodore Angus used Maxine Belmont for the collection of protection money from the madames of houses of prostitution, and that Maxine Belmont turned the money over to Theodore Angus who paid it to Timiney, who in turn made the proper payoff to other officials. It was alleged that these payoffs extended to newspaper reporters who covered the city hall, and that proprietors of gambling houses paid graft money directly to Theodore Angus. It is further alleged that when George Timiney was sued by Deane Allen, Theodore Angus appeared as a character witness for Timiney. Information of a similar nature was received from several other police officers and detectives of the Toledo Police Department who appeared to be personally familiar with this situation. Information concerning the intimacy of Captain Timiney with Theodore Angus may be obtained from the former paramours of both of these men.

Allegations were made that Captain Timiney was intimately associated with Detective Art Langendorf in the collection of graft.

A former paramour of Captain Timiney claimed that during the time he lived with her, he turned over to her his monthly salary check of \$182.00, but that this check represented a very small portion of his income, and that during the regime of Mayor Clotz, Timiney was active in the collection of graft, which was split with Charles J. Matthews, then Director of Public Welfare. This paramour claimed that during this period, she had often searched Timiney's clothes when he would come home drunk, and had found small rolls of bills scattered in various pockets of his clothing and that she had found on other occasions rolls of money hidden in his room. This person claimed that on some occasions, money totaling as much as \$1,600 would be in Timiney's possession. From this source, it was ascertained that during the Clotz administration, protection money which Timiney was alleged to have collected was supposed to amount to between five and six thousand dollars a year, of which Timiney and Matthews took about 95% of the money, leaving about 5% for "poor old Clotz". During this period of time, it is alleged that Captain Timiney was very friendly with other hoodlums, and that he was a very heavy drinker; that he would stay in his house dressed in his bath robe for days at a time refusing to answer the telephone regardless of the identity of the person calling.

In February of 1934, when Captain Timiney was at the Casino Club with Bert and Theodore Angus, Timiney, evidently at the suggestion of the Angus Brothers, sent officers of the hoodlum squad to the Algeo Hotel to arrest Willie Harrison, the officers bringing Harrison to the Casino Club where the Angus brothers denied knowing him, when as a matter of fact they were both well acquainted with him. The arrest of Harrison on this occasion was perpetrated as a joke, and was ultimately revealed to Harrison as such. William J. Harrison, the individual referred to, was a "front man" for the Barker-Karpis gang, and arranged for and rented apartments and other outside contacts for them. At the time of his arrest by members of the hoodlum squad, as set out above, he was being sought by the Hammond, Indiana, Police Department for assault and battery with intent to commit rape, in connection with which charge he had defaulted on a \$5000.00 bond.

An employee of the Casino Club during 1933 and 1934 related that on a number of occasions he had recognized madames of houses of prostitution calling at the Casino Club with money in sealed envelopes for Theodore Angus; that on an average of from fifteen to twenty such madames called at the Casino Club each week, generally coming in taxicabs, and that Captain George Timiney of the Toledo Police Department visited the Casino Club on an average of two or three times a week.

An officer, at one time attached to the hoodlum squad of the Toledo Police Department, advised that it was the practice of the hoodlum squad in their tour of duty to visit the Casino Club about 12:30 A.M., when customers from other night clubs in town which had closed at midnight came to the Casino. It is to be noted in this regard that the Casino did not close at midnight, although the license under which it operated evidently required such closing, and that from various sources, it has been stated that officers of the hoodlum squad under Captain Timiney and accompanied by him often called at the Casino Club during the early morning hours. Such calls occurred as often as three or four times a week, with calls once or twice a day during the week. Similar information concerning the intimacy of Captain Timiney and Theodore Angus was received from several other police officers several of whom were assigned at one time or another to the hoodlum squad. It also appears that members of the hoodlum squad knew that Willie Harrison was wanted in connection with some charge in the State of Indiana at or shortly subsequent to the time of the facetious arrest made of him.

An officer, a former member of the vice squad, advised that members of the vice squad were instructed by Captain Timiney not to enter houses of prostitution, but to confine their activities to prostitutes soliciting on the streets, and that while a member of the vice squad, he heard remarks to the effect that George Timiney and Theodore Angus collected graft from houses of prostitution.

Another officer, formerly assigned to the vice squad, advised that instructions were issued to the vice squad to confine their activities to street walkers. It is further alleged by this officer that on one occasion in the Fall of one year when Captain Timiney was taken off of the vice squad, Theodore Angus immediately went to Florida and remained there until Timiney was again placed in charge of the vice squad. This information was corroborated by another detective of the police department.

A police officer of the Toledo Police Department advised that several years ago, before a person could engage in any racket in Toledo, he had to get the approval of Bert and Theodore Angus, and that it was commonly known that George Timiney was an "in" for Theodore Angus in the police department. This officer also stated that the average police officer at that time was convinced that Captain Timiney was crooked. Statements of a similar nature were received from other officers.

One Toledo Police Officer advised that he had heard rumors to the effect that Captain Timiney actually owned an interest in the Casino Club. This officer, at one time assigned to the vice squad, stated that members of the squad were ordered to keep out of houses of prostitution except upon the receipt of a "basket" complaint, which term described a written complaint placed in the basket assigned to the vice squad, and that these complaints were usually received shortly after the 15th of the month, it being alleged that the collection date of money to be paid by the operators of houses of prostitution was on the 15th of each month. Other officers at once time assigned to the vice squad furnished similar information concerning instructions issued to the vice squad to only arrest street walkers. One officer advised that when a member of the vice squad protested against the orders keeping members of the vice squad away from houses of prostitution, Timiney informed that the officers should take care of the street walkers, and that he, Timiney, would care for the houses.

A house of prostitution was opened in 1929 at 912 Cherry Street in Toledo, and was not disturbed by the police late in the year of 1932.

During this three-year period, the operator of this house gave Christmas presents to officers of the vice squad. In October of 1932, "Firetop" Sulkin, a Licavoli gangster, demanded \$100.00 a month from the operator of this house for protection. The operator consulted another madam, who, in turn, suggested that Theodore Angus at the Casino Club be contacted, whereupon the first madam contacted Angus and was instructed by him to pay \$100.00 per month. The operator of this house refused to make this payment, and thereafter raids were led by Mike Rowan of the Police Department, there being three raids in one week, as a result of which this house of prostitution was forced to close.

Maude Noble, now deceased, who formerly operated a house of prostitution at 50 Wabash Street, has related that about 1932 at which time she operated a house at 202 Erie Street, word reached her that it would be necessary to see Theodore Angus and make arrangements for the privilege of operating un molested by the police, whereupon she went to the Casino and was advised by Theodore Angus that it would be necessary for her to get into the "ring" at a cost of \$100.00 per month, payable in advance, and that the money was to be brought to the Casino in a sealed envelope; that in a few days after this she went to the Casino and left \$50.00 in an envelope with the bartender for Theodore Angus and during this same month made two additional trips to the Casino making \$25.00 payments on each occasion; that she only paid for this one month's protection, and immediately after the month was up, the vice squad made it so miserable for her by raiding her house that it was necessary for her to close up; that about July, 1935, when she was again opened, the vice squad "laid" on her place and that she was advised by Julius Davis who formerly operated the Davis-Hopkins Jewelry Company at 514 Adams Street, that the reason for the action of the vice squad was due to her failure to pay off; that he was the collector and that small houses were obliged to pay \$50.00 a month while the larger houses were assessed \$100.00 and up; that during that month she paid Davis \$50.00; that the following month she protested that she was not able to pay \$50.00 per month, and he told her that he would endeavor to get the price cut down to \$25.00, but that he never said anything more to her about paying protection month; that during the month she paid Davis the \$50.00 the vice squad never visited her house, but when she failed to pay the \$25.00 the following month, the vice squad came into the house and looked it over several times, and advised her that if a man had been found in the house, she would have been "pinched"; that after the vice squad started running through her house, she asked Davis the reason for it and he told her that he would talk to them and see if they would lay off.

Information was received but not checked that Fay Clarke, who operated a house of prostitution at 112 and 114 Nebraska Avenue, had informed various persons that she had to pay Theodore Angus \$100.00 a month for

protection, which she did until about 1932, during which time she was not raided. It is alleged that Charles Marea of 2100 Smead Avenue, who was manufacturing beer during the prohibition era, paid protection money to Theodore Angus, the payoff being in the amount of \$100.00 a month, which amount was later raised to \$500.00 a month.

Former entertainers and employees of the Casino Club can testify that George Timiney visited the Casino on several occasions, particularly in 1934, and that other members of the hoodlum squad frequently visited the Casino during this period. It has been alleged that it was customary for members of the hoodlum squad including Captain George Timiney to visit the Casino where they would order drinks; that Timiney visited the Casino more often than the other men on the squad, frequently coming to the Casino socially; that on several occasions he became intoxicated and remained at the Casino until five or six o'clock in the morning, during which time he was exceedingly friendly with the Angus brothers and would hold long conferences with them.

It is to be noted that information from various sources indicated that Captain Timiney and various members of the hoodlum squad were present at the Casino in 1934 on various occasions when liquor was being served after midnight in violation of the liquor license issued to the Casino.

Joseph Roscoe, a Toledo hoodlum whose record is on file in the Toledo Police Department under the name of Joseph Vedo, No. 6853 and who is presently serving a sentence in a United States Penitentiary for his participation with Alvin Karpis and Harry Campbell, members of the Barker-Karpis gang, in a mail robbery at Garrettsville, Ohio, claimed that Captain George Timiney and Art Langendorf of the Police Department were very good friends of his and often went fishing with him. Information from other sources indicated that Langendorf and Timiney were very friendly with Joseph Roscoe, who had a financial interest in the Jovial Club, a gambling house at 631 St. Clair Street, and also operated the 42nd Street Cafe. Langendorf and Timiney were seen at Lakewide, Ohio, with Joseph Roscoe in his speed boat on several occasions, and during the same period, Timiney and Langendorf frequented the Middle Island bar in company with the Angus brothers. It is alleged that Captain Timiney visited Joseph Roscoe at his home on several occasions, and that Captain Timiney and Langendorf were frequent visitors at the 42nd Street Cafe, operated by Roscoe, where they visited with Roscoe.

Edith Barry operated a call house of prostitution at 524 Southard in Toledo, and is now serving a sentence in a United States Penitentiary.

for having harbored Alvin Karpis and Harry Campbell, members of the Barker-Karpis gang. It is alleged that this woman was never bothered by police interference in the operation of her business; that she was very friendly with Joseph Roscoe, who frequently visited at her house. It is alleged that Roscoe could and did obtain confidential information from the police department which he would make available to Edith Barry concerning the operations of police officers and Federal Agents.

A Toledo police officer has advised that Art Langendorf frequently "fingered" Federal Agents operating in Toledo to members of the underworld.

It appears that Detective Langendorf knew of the whereabouts of Joseph Roscoe during the time that he was being sought for participation in the Garrettsville, Ohio, mail robbery. On January 13, 1937, Langendorf received a Postal telegram at the Algeo Hotel from Roscoe in Miami, Florida, in which Langendorf was advised that Roscoe was shipping 50 pounds of fish to the Elks Club. At this time, Langendorf also knew of the whereabouts of Benson Groves, who was also being sought in connection with the mail robbery at Garrettsville, Ohio, it being noted that on January 20, 1937, Toledo newspapers carried articles to the effect that Groves and Roscoe were wanted on an indictment charging them with participation in the Garrettsville mail robbery.

A memorandum dealing with the general reputation of Joseph Roscoe is filed in the Identification Bureau of the Toledo Police Department.

A statement has been made that Detective Langendorf has stated he would not jeopardize his friendship with Joseph Roscoe by any official action on his part as a police officer.

The numbers of automobiles driven by the occupants of the premises at 2831 - 131st Street in Toledo were furnished by a private citizen to Art Langendorf during the Summer of 1934. Langendorf subsequently advised this citizen that the information had been checked and that one of the numbers was issued for the address of the Jovial Club. Langendorf reported to the then Chief of Police that he had conducted some investigation of the address at 131st Street, and that undoubtedly the occupants of the house were "hot", but inasmuch as this was outside of the city limits of Toledo, no further action would be taken by the police department. It is to be noted that Harry Campbell, a member of the Barker-Karpis gang, resided during the Summer of 1934 at 2831 - 131st Street and that he operated an automobile with Ohio license plates issued for the address 631 St. Clair Street, which is the address of the Jovial Club, heretofore indicated as being operated by Joseph Roscoe.

Charles J. Fitzgerald, an old-time bank robber now serving a life sentence in Alcatraz, informed Bureau Agents that he was well acquainted with Detective Art Langendorf of the Toledo Police Department.

Edith Barry, heretofore mentioned as the operator of a call house of prostitution at 524 Southard, is also described by other persons engaged in illegal activities as being a strong influence in police department circles of Toledo. Information was received to the effect that on two separate occasions police officers on the beat in which her house was located attempted to gain entrance to the house for the purpose of conducting an investigation to locate fugitives; that Edith Barry strenuously objected to a police officer entering her house, and got in touch with someone at the police department who had both of the police officers transferred from that beat. It is alleged that on another occasion a police officer entered Edith Barry's house of prostitution looking for a man, and that the Barry woman and the officer had a terrific verbal battle during which the police officer told the Barry woman that he was "all cop" and didn't give a damn if she was "King" over Mayor Clots; that Edith Barry contacted Captain Fruchi of the police department, and was not thereafter bothered by this officer.

Charles O. Long, deceased, a confidence man of long experience, has advised that in 1933 confidence men working in Toledo arranged their "fixes" through Sam Hessler; that 10% of all swindles, which were called "scores", was paid for "fixes"; that it was understood at that time that Sergeant Bill Culver collected for Captain George Timiney; that in the Fall of 1931, he "steered" Hjalmer Nelson, a road contractor, from Muskegon, Michigan, into Toledo, Ohio, and swindled him out of \$70,000, and that between \$10,000 and \$15,000 of this amount went to Hessler for "fixing".

It is alleged that a member of the police department was removed from the vice squad and placed in uniform because he was too friendly and cooperative with Federal Agents.

A series of telephone calls was made over the telephone of Edith Barry, telephone Adams 4612, on March 15, 1936, to the police department and to other sources in an effort to reach Ford of the Detective Bureau. Edith Barry evidently endeavoring to ascertain the reason for or significance of the accelerated activity of police officers evidently investigating houses of prostitution. During this series of telephone conversations, reference was made to the fact that Moss and Holley, evidently police officers, called at her house and told her that Toledo was a closed town, and that while these officers were in her house, Nick Tracey was in the front room. Edith Barry told the person with whom she discussed this situation that she had cooperated with the police department by closing up for three or four days whenever they requested her to do so, and that she would now like some assurance. The person with whom she talked stated that he would get in touch with "Ray" and speak to him.

The firm of Wittenbers, Jacobs and Berenson Bonding Company at 538 Erie Street in Toledo during the period from July 7, 1936 to August 6, 1936 appears to have arranged by telephone with various persons for the fixing of 16 parking tickets. Between July 7 and August 6, 1936, members of this firm contacted the turnkey's office at the police department or were contacted by the turnkey by telephone on 60 occasions in connection with persons incarcerated, it being noted that the turnkey appeared to call the bondsmen and inform them of the identity of persons arrested and whether the person arrested had any money.

On July 27, 1936, a member of the bonding firm contacted the Sheriff's Office about a warrant the Sheriff's Office was holding for someone, at which time the person calling was informed that the person in the Sheriff's Office would instruct the man for whom the warrant was issued to stay out of town for a few days. Following this conversation, Ben Fretti was observed engaged in a short conversation with two uniformed police officers at Monroe and Erie Streets in an old sedan bearing 1936 Ohio license No. 3844-C. This license is issued to William J. Tripp, 3844 Burton Street, Toledo, Ohio.

On September 9, 1936 at 3:45 P.M., Shearer called Joe Fretti about motorcycle policemen calling on places where machines were operating, and Joe Fretti stated that he had gotten all of this information in advance, having a list of the places evidently to be raided. The person at the Amusement Games and Novelty Company instructed the calling party to get the name of the police officer who was going around with the inspectors and that he would send Joe over to look after it. The person calling indicated that the name of the police officer was probably Wilson. During a subsequent conversation Joe Prett, while talking with the receiver of his telephone down, stated: "Now listen Wilson, you want to be a detective don't you? Well, now take a tip from me and stall around for an hour and the license will be there for the taking. What's the big hurry?"

The calling party stated that "MacFarland and all the big guys are out" and that they were getting busy on Cornell Street; that Ardell should lay low for the rest of the week.

A similar call was received by Ardell at 8:04 P.M., on September 11, 1936, at which time Ardell was advised that the squad from down town had been raising hell in that precinct. Ardell inquired about whom she should call or inquire about it, and the other party said that Harrell of the 11th precinct would know more about it than anybody else, and Ardell indicated that she knew Harrell fairly well. The calling party indicated that he, too, would contact Harrell and see what he could find out.

At 8:10 P.M., on September 11, 1936, Ardell tried to reach Sergeant Harrell at the 11th precinct and made other calls to this place, at 9:25 A.M., on September 12 and 8:10 P.M., on the same day, without success. At 9:30 A.M., on September 13, 1936, however, Ardell talked to Sergeant Harrell, identified herself as his cousin, and made an appointment

614-111-1747.

to see him at Ardell's house at 3:30 P.M., Harrell indicating that he would be there at the appointed time.

On September 26, 1936 at 1:10 P.M., Ardell called Sergeant Fife of the 11th Precinct, identified herself as his cousin, and Fife stated that he would come over at 2:30 to see her.

On September 26, 1936 at 3:15 P.M., a man called the police exchange and asked for Inspector Carey, was referred to the lieutenant's office and spoke to a man who identified himself as Inspector Carey. The party calling stated that he was at Carey's cousin's house and was endeavoring to locate one of the girls who went to the beauty parlor and had not returned. The name of this girl was Gypsy Currier, and it is to be noted that in a previous call at 1:10 P.M., to Sergeant Fife, Ardell had attempted to tell him about a girl friend who had gone to a beauty parlor the previous day, but Fife broke in and told Ardell that he would come over and talk to her. The person calling Inspector Carey asked him to check in the women's place and if this girl was there to call him at Garfield 9241. At 3:30 P.M., an incoming telephone call on telephone Garfield 9241 advised the person answering the telephone that there were only two women in the women's place; one being a colored girl and the other a girl being held on a traffic charge.

At the time of her arrest on the night of September 26, 1936, Ardell Quinn was searched and there were found address books containing the following names:

The day before last saw Green, he went fishing in the everglades & brought me a mackerel.

Green was a courteous unassuming fellow and on several occasions asked me to go to Cuba with him. He stated that he ^{had} a Buick sedan and home in Cuba; the home was located in Vibao which is a suburb of Havana near Manzanares. I would have gone with him if it had not been my busy season.

I, Dr. John E. Hall make the following statement to L. J. Metcalf & P. C. Dennis special agents, Division of Investigation, U. S. Dept. of Justice.

About one month ago a man giving the name of E. M. Green came to my office for treatment. I treated this man for granuloma infection. It is my opinion that this infection was a recurrence of an old infection.

Joe Adams, whom I've known for twenty years, referred Green to me; Green told me that Adams had referred him to me and that if it was all right with me, he would pay me at the completion of the treatment.

About one week ago to-day Green came to my office for treatment, this was the last time I saw him; he at present owes me about \$10.00.

I, L. E. Gray, wish to make the following voluntary statement to S. K. McKee and J. H. Stinson, Special Agents, Federal Bureau of Investigation, U. S. Department of Justice:

Since Nov. 5, 1934, I have been employed at the El Coronado Hotel in the capacity of utility clerk, day room clerk and as an asst. to the manager.

Shortly after my arrival, Alvin Karpis and Gregory Cadena registered at the hotel. Mr. Joe Adams, the manager, advised me that these two men were complimentary guests. About this same time Mrs. Adams with his wife left for a visit to Adams' home in Pennsylvania.

I recall that Nathaniel Heller, Mgr., of the Parkview Hotel in Havana, and the girl whose photograph I am told is "Doris" Delaney, were

guests at the El Comodoro for several days in the middle of Nov. 1934. The Delaney girl was using the name of Wagner. I had never seen her before. I saw them together a few times and on one occasion Keller expressed a wish to me that he had a car as he and the Wagner girl wanted to look at some apartments and houses. I loaned Keller my Oldsmobile Sedan and I know that he and Mrs. Wagner used it for 2 or 3 hours one day, the date being after they had been in Miami for 2 or 3 days. I also recall that I saw Keller and the Wagner women eating together in the dining room at the El Comodoro about this same time. On the same day Keller borrowed my car, ~~another occasion when these people were at the Hotel~~, Keller asked me if Mrs. Wagner owned ~~use~~ ^{it} alone. As I recall he told me that she wanted to buy a sofa, furniture. I told Keller that she owned ~~use~~ it.

I recall that sometime in November, during the latter part,

Messers Hart and Campbell who told me that they were special agents in the U.S. Dept of Justice make inquiring of me as to the identity of Buck Randall and Gregory Colombo. They also inquired as to the Ford Coupe that Randall was driving. I gained the impression from Messers Hart and Campbell that they were checking on a stolen car. A few days later I spoke to Randall about this inquiry and he said "I know about those fellows. They are a couple of detectives from Jersey and they are after a friend of mine." I knew that Randall had received phone calls from a friend at the Greycliff Hotel in Miami so I asked him if it was that friend. He replied to the effect that it was another friend saying also that the officers had followed him on one occasion to his girls house.

I also recollect that on Dec. 5th 1935, I registered two men viz E. H. Dowse and J. B. Bolton, room 405. I have identified

the photograph of Alvin Karpis as that of the man who used the name of Howes and the photograph of Doc Barker as that of the man using the name of Bolton. This latter ~~had the regular~~ paid the bill when they checked in in the 8th of Dec. These men checked in to the Stat, as I recollect, about 3:30 am on the 5th for which reason they were charged with the use of the room for the night of Dec 4th. Later on that day, they arranged to get the adjoining room, viz #404. I did not know that a woman was sharing one of these rooms until about Dec. 8th when about 3:30 am I received a telephone call from room 405 asking that a physician be sent to the room. A man was talking on the phone. I then called the residence of Dr. Hale, one of the house physicians, and a woman thus told me the doctor would come over at once. Very shortly a young doctor whose name I don't know and who I later learned was an assist-

ask to Dr. Hale called at the Hotel
and went to room 405. For a
little while the man in room
405 telephoned back saying that
he wanted to speak to Mr. Adams.
I told him that it was then 3:30 am
and that I didn't like to disturb
Mr. Adams at that hour. The man
then said that he wanted a
doctor for some female trouble.
That he did not want a young
doctor but wanted a settled one
saying also that Dr. Nichols had been
recommended to him. I then told him
that I could call Dr. Nichols who
is one of the Hotel physicians which
I did. In a short time Dr. Nichols
came to the Hotel saying that he was
going to room 405. He was up there
a few minutes and when he came
down he mentioned to me that the
woman was suffering from indigestion.
I recace seeing Delores Delaney
around the Hotel at this time but
I did not see her with either of
the men who had checked in to
the Hotel in 404 and 405. I recace

that these two men checked out
of 404 and 405 on Dec 8th but
when I returned to work again
that day, I learned from the records
that the men had come back and
were assigned to the same rooms.

I also received registering
W. L. Heller of Havana, Cuba on
Dec 5th 1934 assigning him to
room 1005. He stayed at the Hotel
for a few days, but I did not
see him with Delores DeLaney
or the 2 men in 404 & 5 in that
occassion.

I received having seen the
persons who I am told are
Kate Barker, Fred Barker and Harry
Campbell in the Hotel on several
occasions in November and
December. ~~I have seen them~~
~~talking to them but know nothing~~
~~of their connection.~~

During the time these people
were at the Hotel I wondered
who they were because they stayed
in the room so much, also because
they had many meals sent to

This room and was always calling for the bell boys. I recall that I asked Sandercock ~~and Adams~~ who they were, ^{as they were friends of Mr. Adams.} Adams ~~told me they were~~ ^{to} night club operators from Chicago.

I also recall that in December 1934 we had a guest at the Hotel named R. Hanred Brown with the West Insectant Co. of New York. A telegram came to the Hotel addressed to R. H. Brown. I placed it in the box of R. Hanred Brown. The next day I overheard R. Hanred Brown speaking to Mr. Sandercock asking the why his message had been delayed. I recall one of the bellboys had returned the message saying that it did not belong to room 405. Some one, just who I don't know, had instructed me to send mail for Mr. R R Brown to room 405.

I recall that on the day of the shooting at DeKlava, Fla., I read in the papers of the deaths of Kate and Fred Barker. I read that they were wanted for the

Bremer kidnaping, also that Karpis
was wanted for this same crime.
About 11:30 that evening Special
agents Campbell and Moore checked
in to the El Coronados. They asked
me to come to their room, when they
told me that they had just arrived
from Oklahoma, Fla. They showed
me photographs of Karpis, Fred and
Arthur Barker, Alvin Karpis, Harry
Campbell, Harry Sawyer, Willie Harrison,
Volney Davis, Myrna Burdette and
Byron Dalton. They explained that
all of these people were wanted for the
Bremer kidnaping and were members
of the Karpis-Barker gang. They asked
me if I had seen any of them
around the El Coronados. I identified
the photographs of Karpis, Fred
Barker, Alvin Karpis, Harry Campbell
and Myrna Burdette as former
guests. I also told that these agents
after they described Dolores Delaney to
me saying that she was pregnant
that I believed that she had also
been a guest and that I had seen her
in the company of Nathaniel Heller.

from Havana, Cuba, and that I believed she had made a trip to Havana with him. At this time I identified Karpis Barker as Mrs Ryan, Fred Barker as P.C. Blackburn, Harry Campbell as Mr. Summers. I was unable to recall under what name Karpis had stopped at the Hotel and told the agents he had not been there for ~~4 or 5~~ ^{4 or 5} weeks. I also told them that Harry Campbell and Myrna Burdette had checked in to the Hotel 2 or 3 days before under the name of Mr. & Mrs. Summers. I also told the agents that Mr. Wilson had told me earlier that ~~evening~~ ^{afternoon} that he had seen the pregnant girl ~~at a hotel~~ in the previous day. The agents then said that they would see me later that evening.

About 10 pm that night I again went to the room of special agents McKee and Campbell at the request of special agent R.D. Brown. All of us then again discussed the Karpis-Barker crowd and the fact that

they were wanted for the Bremer
Kidnapping. At this time I had
with me registration cards for
Summers, Blackman and Mrs.
Ryan. I told the agents there were
other registration cards but I could not
find them without ~~the other hotel~~
~~employees~~ knowing about it. The
agents had asked me to get this
information confidentially. Take some
time to get them. The agents
at this time told me there was
a reward that would be paid for
the apprehension of Karpis and the
others who had not been apprehended.
The agents also told me that they had
information that linked ^{Joe Adams} ~~him~~ with
the activities of the Karpis - Barker
gang and that they did not dare to
go to Adams himself for information
as to these people. They asked me to
try to find out where the members
of the gang were staying in Miami.
I told them I would try to
find out and let them know.
They also asked me to treat their
inquiry confidentially.

After talking to the agents I
worried about this matter and
thought that Mr. Adams should
be advised. When he didn't return
from the Dog track, I spoke
to Mr. Wilson saying there was some-
thing that was worrying me and
that I would like to speak to
him in his room. This was about
12:30 or 1:00 on the 17th of January.
In Wilson's room I told him there
were ~~two~~ federal officers in the
house, that they had questioned me
about the activities of the Karpis-
Barker crowd who were wanted in
the Bremer kidnapping and that they
had linked Mr. Adams with
the activities of the gang. I told him
the officers had shown me photographs
of the gang and that I recognized
some of the gang as persons who
had stopped at the Hotel. Wilson
then wanted to speak to Mr.
Knight about this which I didn't
want to do but he did so
within a few minutes after I
had talked to him. Mr. Knight

and Wilson satked alone in
Mr. Adams' office. Knight then
asked me if it was right that
the Federal men had said Adams
was connected with the Karpis-Barker
crowd. I replied that they had said
so and Mr. Knight said it wasn't
true and that he didn't know who
they were. He said the whole thing
was absurd.

I, L. E. Gray, make the following voluntary statement to L. B. Nichols, Division of Investigation, U. S. Department of Justice.

On November 5, 1934 I started to work as a Desk Clerk at the El Commodoro Hotel. Around the latter part of November 1934, or the middle part of November Special Agent Campbell after registering at the Hotel came to me and made inquiries about Duke Randall, who was then residing at the Hotel. Campbell was accompanied by his roommate Mr. Hurt. I did not know anything about Randall then and could give them no information other than that he lived at the Hotel. I do not recall that they showed me any pictures of the Barker-Karpis gang, or that they made inquiries about them. This was the only time that they talked to me about anyone, except that they did make inquiries about Gregory I. Codomo. I was not impressed by the agents on this occasion as to the seriousness or the importance of the case, otherwise, I would have been on a closer lookout for the gang.

I do not recall anyone making further inquiries about the gang until Wednesday night January 16, 1935 when Agents Campbell and McKee registered at the Hotel after the shooting at Ocala, Florida. These men stated that they would like to see me later in their room and talk to me confidentially. I later went to their room, at which time Special Agent Brown was present. They showed me several pictures and I recognized the picture of Harry Campbell as having registered at the Hotel as Summers a few days previous; the picture of Kate Barker as being Mrs Ryan who staid at the Hotel for sometime and Fred Barker as T. C. Blackburn, who also stayed at the Hotel, however I cannot recall ever having identified the picture of Karpis as living in the Hotel, however I believe that I have seen him around the lobby.

I first saw Blackburn and Mrs Ryan on November 23, 1934 when they registered at the Hotel, I also saw Summers about that time with his wife whom I cannot identify. I told Agents Campbell and McKee that I had seen the above people and that their movements aroused my curiosity, but that their business was always a mystery to me.

On this same night Mr. Brown asked me to assist them in locating the people whose pictures were shown to me, and that I would be rewarded for any information or assistance that would lead to their apprehension. Later that night I mentioned this conversation with agents to Mr. Wilson, Manager of the Dinning Room and Bar of the Hotel, and Wilson advised me to see Mr. Bob Knight, about the inquiries made by agents. I told Wilson that the agents were stopping in the house and he told Mr. Knight.

At about 1 A.M. that night (1/17/34) I went to Mr. Knight who had already been informed by Wilson of my conversation with Agents. I told Mr. Knight that I thought the Government had connected Mr. Adams with the Gangs activities in Miami, Fla., and that I thought that Mr. Adams should know that the agents had connected him with the Gangs activities in Florida, as I thought that Mr. Adams knew them only as Hotel Guests. Mr. Knight suggested that I wait until morning to tell Mr. Adams.

On the following morning (Thursday 1/17/35) I saw Mr Adams, but since he didnot mention the matter to me, I presumed that either Mr. Knight or Mr. Wilson had already seen him and hence I didnot discuss my conversation with the Agents with him. When discussing the conversation with Mr. Knight, I told him in detail what the agents told me. At which time Mr. Knight stated that he didnot know how I could furnish any information as he was sure that Joe Adams could furnish no information about the gang and had no contact with them.

On Thursday night Mr. Brown came to the Hotel and since I had talked to Messers Knight, Wilson and Adams, after the agents had asked me to keep their inquiries confidential I didnot wish to place myself in a position where they could contact me again, and I didnot go over to where Mr. Brown was sitting, but remained behind the Hotel Desk. I was not sure that Brown had come to the Hotel to see me, however I presumed that he waited in the lobby to see me. Before he left he came by the desk and cordially spoke to me in passing.

On Friday night Jan. 18, 1935, Mr. Brown came to the Hotel again, and sat down in the lobby along side of me, and after a few words not relative to the matter above Brown asked me if I had any information, and I suggested that we take a walk, at which time I stated to Agent Brown, after he asked, "I suppose that you have talked to Mr. Adams", that I had talked to Mr. Adams, Mr. Brown didnot comment on this, I then told him that I desired that he talk to Mr. Adams personally, at which time Mr. Brown stated that he would arrange to have an Agent interview Mr. Adams the following day. I also told Mr. Brown, that I had secured certain information concerning Mr. Adams financial status which lead me to believe that he was not receiving Money from the gang, as he ~~mmm~~ didnot indicate in his business affairs that he was receiving any money from outside sources.

Mr. Adams has never questioned me about my conversation with the agents, and our remarks concerning this conversation have been more or less fragmentary. I do not know whether Mr. Adams has been informed of my conversation with Mr. Knight and Mr. Wilson, regarding what I told them concerning inquiries made by Special Agents.

While members of the gang were staying at the Hotel I didnot see them contact anyone connected with the Hotel and I knew them only as Hotel Guests, and in my first conversation with the above mentioned agents, I told them that I

✓ B.M. 1860

had at no time seen them with Joe Adams and didnot know that he knew them other than as Hotel Guests.

On one occassion I did see Mrs Wagner, in the Dinning Room of the Hotel, at which time she was dining with N. H. Heller, who made at least two visits to the Hotel in December.

I have read the forgoing statement consisting of pages 1,2,&3, and it is true to my best recollection.

I do not recall that they showed me pictures of

about wanting anyone, except that possibly they did

me of the importance of the case, otherwise I would have

I do not recall anyone making further inquiries

 as having registered at the Hotel as Summers a few days

 Mrs Ryan ~~who stayed at the Hotel~~ and Fred Barker
 as being T.C. Blackburne who also stayed at the Hotel.
 I also identified Karpis as being around the Hotel
 however I cannot recall what name he was registered
 under.

I first saw Blackburne and Mrs Ryan on Nov 23, 1935
 when they registered at the Hotel or around that time.
 I also saw Summers about the same time with his
 wife whom I could not identify.
 I told Agents Congbrell & Mc Kee that I had seen
 the above people and that their movements aroused
 my curiosity but that their business was always a

On the following morning ^{but as he didn't mention it to me & I assumed you} Mr. Knight of the Boston Law

that I desired that he talk to Mr. Adams
privately about the matter, and went on to say
to Mr. Brown that since our conversation on
Wednesday night, I had learned that Adams was
financially embarrassed, and that he was not
getting money from the government. At this time I told
Mr. Brown that I had spoken to Mr. Adams, "Mr. Knight"
after he said "I suppose you have spoken to Mr. Adams."
Mr. Brown did not comment on this, excepting to
say that he would arrange for Agents to interview
Mr. Adams on the following day. This was the last
time I saw Mr. Brown.

made by Special Agents.

I saw N. H. Heller, while he was staying at the El Commodore Hotel in November, with Mrs. Wagner in the dining room eating together on one occasions. Mr. Heller also visited the El Commodore sometime during the early part of December. With reference to the members of the gang that stopped at the Hotel, ^{I may} ~~I know~~ them only as Hotel Guests, and do not know of any of the transactions that they had with Mr. Tolson, and in my conversation the first time with Agents I advised them that I had never at anytime seen Mr. Tolson with any member of the gang and didn't know that he knew them other than as ~~Guests~~ Guests in the Hotel.

I, Terese Carmichael, make the following statement to Special Agents, R. L. Jones, and L. J. McColg, Special Agents, Division of Investigation, U. S. Dept. of Justice and ~~City Detectives~~ Special Officers H. C. Howard and Wm. W. Shanahan of the Miami, Fla. Police Dept.

I am 28 years of age and live with my parents, Mr. & Mrs. F. A. Carmichael at Kendall, Fla. My occupation is that of a practical nurse, when employed.

I received employment through the Hampton Employment Agency, Miami, Fla. on December 18, 1934, at this time I went to work for a Mrs. Green, initials unknown, who lived at 1121 - N.E. 85th St. Miami, Fla.

My work at Mrs. Green's consisted of helping with the cooking and doing the housecleaning. I lived with the Greens while working for them.

Mrs. Green was nice and treated me fairly but she was in no way intimate with me and instructed me that she did not appreciate people prying into her affairs. At one time Mrs. Green stated to me that she did

not come for Mrs. Thomas, her lesson, because she was too inquisitive.

I worked for the Greens about one month, during the time I was there only one woman and two or three men came to the house, that is of course to my own knowledge and excepts Mrs. Thomas who came to the house on several occasions. I never received a very good look at any of the visitors.

Mrs. Green's physical description to the best of my knowledge is as follows:

Name	- Mrs. Green
Age	- 22 or 23 years or perhaps younger
Height	- 5' 2"
Weight	- 110 or 115 lbs.
Build	- Medium
Hair	- Dark Brown, wavy
eyes	- Brown
Complexion	- Dark attractive.

Mrs. Green's description is as follows:

Peculiarities - Pleasant disposition, didn't appear worried; never talked much.

While working for the Greens no mail came to the house; sometimes when their friends came, the Greens would drink beer, whisky, & wine, but no one ever seemed to drink too much.

Mr. Green had an automatic ~~gun~~ ^{pistol} and also a rifle which was kept in the corner of the room; the automatic was kept in a leather case. One time Mr. Green told me that he used to be in the whisky business but that there was no money to be made in that any more; he stated further that he had some concessions in Cuba.

After examining the photographs displayed to me by agents it is my opinion that those of Alvin Karpis and W. yonva Bundtje resemble Mr. Green and a woman who stayed at the Green home for several days.

before the Greens left. I do not recognize the picture of Harry Campbell as that of the husband of the woman who stayed with the Greens before they left.

No one at the Greens called another person by names; Mr. & Mrs. Green called each other "Honey."

On Sunday January 13, 1935 a black-haired slender woman and a short stocky-built man, with light eyes, came to the Green home; this couple remained at the Green home until Wednesday January 16, 1935.

While planning the evening meal, with Mrs. Green and the woman who was visiting, on January 16, 1935 the phone rang. This phone call came at about 5:00 P.M. and Mrs. Green talked just a very short time and then immediately started to pack and the other woman helped the Green's car out into the drive. It is my opinion that it was not over 15-20 minutes from the time Mrs. Green got the phone call that the ~~she~~ and the other woman left.

Mrs. Green was very excited ⁵ after receiving the phone call and before leaving she stated to me that she had to take the other women someplace and then later stated that she had received a message calling her home. Mrs. Green never stated to me where her home was.

The Green's car was a new, black, four door Buick automobile.

The description of the couple who came to the Greens home on January 13, 1935 is as follows

Woman

Name - unknown
Age - about 25 years
Height - 5' 5"
Weight - 110 lbs
Build - slender

man

Name - unknown

Weight - 165 lbs
Build - stout

Eyes - grey or blue, light
Complexion - light

On January 14, 1935, Mr. Green & the woman visiting him left the house about noon and have not been seen them since; Mr. Green had his rifle with him and I thought the two of them were going hunting as they had gone fishing the day before.

Mrs. Green stated, when she left, that she would return on nine o'clock. Mrs. Green paid me

Terrell Cormichael

\$10.00 before leaving making \$13.00 which I received during the time I was employed by her.

I stayed at the Green residence from the time they left until the night of January 18, 1935 when I came home. On the morning of January 19, 1935 I returned to the Green residence but found no one home.

I talked with Mrs. Thomas on January 19, 1935 and told her that the Greens had not returned; Mrs. Thomas told me that she did not believe the Greens would return as she thought that they were ^{with the gang which was} involved in the shooting which was related in the Maine Papers. Mrs. Thomas showed me the papers, picture of the man who was killed, etc. At this time Mrs. Thomas told me that she had rented the house to the Greens through a man named Adams; she stated further that Mr. Green would sign no papers in lease and that this made her suspicious.

Mr. Thomas paid me \$39.00 which was the balance due me for my lease Carmichael

month's salary.

I never saw Mr. or Mrs. Green display large amounts of money, however I do know that Mrs. Green spent money freely.

When I left the Green home on Saturday January 19, 1935, the following articles of the Greens were there.

1 dark suit

1 dark suit-coat & vest

1 linen suit

1 light ~~coat~~ pair trousers

1 pair men's shoes

3 pairs ladies shoes

2 pair women's bed-room slippers

2 men's sweat shirts with zipper

also some laundry & several women's dresses.

I am sure that should I be shown a picture of Mrs. Green I would be able to make an identification of some.

Judge Arthur Wood,

Dear Judge Wood:

I have been requested to look
into the case of Lloyd L. Taylor who is now confined
in the Federal Prison, Leavenworth, Kansas. I
understand that the Parole Board recently heard his
case and set the date for release July 1st, 1934.

His father is very anxious to
effect his release and I would appreciate it if
you would advise me what possibilities there are
of a commutation or a rehearing by the Parole Board
with a view of effecting his release before the
date already set.

Very truly yours,

Dear Sir:

I am writing to you in regard to
my parole. I was called before the parole Board
in January 1930 and was let out until the next
Meeting and again I was let out until
January 1932. I was called before the Board
again last March the 25 and was continued
to Washington.

I have a good job to go to work at
if released soon. I also had a good job a year
ago last December if I had of been released
on parole, but because of not being released
the job was passed on to some one else just as
it should of been done. I appealed to my friends
to find me another job and they responded.
But I am very much afraid my friends
will begin to think I am trying to kid
them and soon loose interest on me if I
should have to ask them for many more
jobs and I can't say that I could blame
them. I know that work is very very hard to
find out side and that is one reason of my
writing you. I have been confined here for
10 years and 4 months and if it is possible

that I will be released soon to enable me to take advantage of the fact I have offered to you I would be very grateful. So if you will do so I would like to have you look into my case and see what action the parole Board has taken in regard to me being paroled. I will appreciate hearing from you as soon as you can see your way clear to do so.

Very respectfully yours Lloyd Barker.

Dear Sirs:-,

Application for Parole
of
Lloyd Barker

I understand the above applicant comes up for parole at an early date, and in the event your Board deems fit to grant him a parole, I will act as his First Friend or Advisor in the event he is released.

I am not in any way related to him, but have known him for a long time and knew him when this trouble came up, and I am quite sure he was innocent of the crime for which he was convicted, and I think the boy worthy of a parole, as this is the first thing he was ever convicted of.

I will give him a position in case he is released, as I have a tourist camp, filling station and short order house and can use quite a few people.

I am quite certain that if you will give this boy a chance he will prove to you that he is a trustworthy chap, and will do what is right.

If you wish to look into my record you may write the Sand Springs State Bank, Harry T. Pratt, Winters Grocery, all of Sand Springs.

Thanking you for any favors you may see fit to do for this boy, I remain,

Very respectfully,

Clarence Smith

There will be a postscript
written May 23, at which time
other and other persons to him
will be submitted etc.

Gentlemen:

IN RE: Lloyd Barker, No. 17243.

I am only slightly acquainted with the above named young man, but I am well acquainted with his parents who are old and need his help very much. In fact they really have no means of support except to depend on some one of their children.

This boy has never been in trouble before, and I am quite sure that this has been a sad lesson to him, and that if given a chance now that he will make good, and lead a good, law-abiding life.

I desire to say further that he has employment awaiting him the very day he gets out of the prison, and will say also that I shall be glad to take the responsibility of having him paroled to me in case you decide to do so. While I realize that the person to whom one is paroled cannot have the personal supervision of the party, still I am old enough, and have experience enough to materially aid him in the selection of his work and his associates.

Hoping to be able to do something in his behalf, I remain,
Very respectfully,

This is a true Statement of facts in regard to a report made to the Deputy Warden against Joe Davis Reg. No. 11656a Docie and Lloyd Barker on or about the 25th day of September 1928, by Guard Brummitt, charging us with having counterband articles in our possession, in our place of employment, the Electrical Store Room of the Shoe Factory.

The intention of this statement by me is to show that I was in charge of the Shop and had been for over two years, where they took the articles that Guard Brummitt claimed were counterband, and also to prove that nothing they found and reported as having found was counterband. I am sure that Mr. Goldthwaite, the Superintendent of the Shoe Factory, will verify this statement, if so interviewed in my presence, so I may call for certain records and to recall conversations I had with him in regards to some of these articles they claim were counterband.

I will account for every article to prove that the report was unfair and that the three of us were put in isolation for 4 days on bread and water and then reduced to third Grade for 90 days for no wrong that we did.

The report as read to me by the Deputy Warden charged us with having in our possession a small rope and pulleys, in other words a small Block and tackle, it was in the shop when I taken charge and had been bought by the prison for use in building the New Shoe Factory, and was used for pulling electric wire cables thru conduit and for pulling heavy machinery in place, when it was not in use it was locked up the Electrical Store Room and Shop were I had charge. It was used in the presence of Mr. Goldthwaite, and different guards on several occasions, every six months a list was made either by Joe Davis or one of the clerks from the main office in the Factory of every article in the shop and such list went on record as an inventory for the last three times I know, myself, that the block and tackle or wire stratcher, the records of the factory will show this, if they have not been done away with.

The report also charged us with having a Razor Blade in a holder, Docie that worked with us and regularly assigned to this shop, shaved with it.

The report also charged us with having some radio parts. The part in question is a small spider webb Coil, I made myself. I asked Mr Goldthwaite, to intercede to the Warden, in my behalf and see if he would give me permission to build a set, he told me a few days later that the Warden would not give permission them but that he might later, I then taken the Coil and put it in a box and it stayed there for a long time until a guard was searching the factory and found it, and took it in to Mr Goldthwaite's Office and I by permission of the Mr Goldthwaite took it back to the office or store Room where I worked and had charge, hoping some day I would get permission to build a Radio Set, It stayed in the Box in the Electrical Store Room until Guard Brummitt found it and put it on the report to the Deputy Warden.

The report also charged us with a Electrical Block or Lock that was fastened to the shop door Docie told me that he had an idea that he wanted to work out on an Electrical Lock so he could patent it; he asked me for permission to work it out and I told him that I would see about it and thought it would be alright to work on it when he never had anything to do. I understand that since out punishment that he has worked out the Block in detail and has papers filed for patent rights, he can best explain the lock in detail himself if interviewed.

I feel that we were unjustly dealt with and I would welcome an investigation by some one out of your office, I have interviewed the Warden, Deputy Warden, and everybody that I thought would go into it for me and pleaded with them to do something in regard to this but they only laugh at me or turn a deaf ear to me. It is a very grave Misjustice to Docie and Joe Davis, because I was in charge of the Shop and I knew that the articles were there, altho they were not counterband, it does look like if they wanted to frame any one as they did us then they did they pick on Joe Davis and Docie. I have been here for seven years and eight months, and I have had a good record up until that time, and that record has a good record. I go up for parole in May 1930 and I would like to have this gone from my record. Please call me at your earliest convenience and let me go into this detail.

Yours truly,
Lloyd Barker

Dear Sir:

I am writing to you in regard to my parole. I was called before the parole Board in January 1930 and was set over until the next meeting and again I was set over until January 1932. I was called before the Board again last March the 25 and was continued to the next meeting.

There is a good job to go to work of approximately 1000 hours. I also had a good job a year ago. I remember if I had of been released then I would have had a good job because of not being released. The job has passed on to someone else first and I have not done so. I appealed to my friends to get me another job and they responded. I am very much afraid my friends mostly do not think I am trying to kid them. I have no more interest and care if I have to ask them for money more. I can't say that I could claim I am poor that work is very very hard to get and I don't do no reason of my being here I have been confined here for 14 months and it is not to possibly

that I will be released soon to enable me to take advantage of the fact I have offered to do. I would be very grateful, so if you will do so, I would like to have you look into my case and see what action the Parole Board has taken in regard to me being paroled, I will appreciate hearing from you as soon as you can see your way clear to do so.

Very respectfully yours, Lloyd Barker.

Dear Sirs:-,

Application for Parole,
of
Lloyd Barker

I understand the above applicant comes up for parole at an early date, and in the event your Board deems fit to grant him a parole, I will act as his First Friend or Advisor in the event he is released.

I am not in any way related to him, but have known him for a long time and knew him when this trouble came up, and I am quite sure he was innocent of the crime for which he was convicted, and I think the boy worthy of a parole, as this is the first thing he was ever convicted of.

I will give him a position in case he is released, as I have a tourist camp, filling station and short order house and can use quite a few people.

I am quite certain that if you will give this boy a chance he will prove to you that he is a trustworthy chap, and will do what is right.

If you wish to look into my record you may write the Sand Springs State Bank, Harry T. Pratt, Winters Grocery, all of Sand Springs.

Thanking you for any favors you may see fit to do for this boy, I remain,

Very respectfully,

IN RE: Lloyd Barker, No. 17243.

I am only slightly acquainted with the above named young man, but I am well acquainted with his parents who are old and need his help very much. In fact they really have no means of support except to depend on some one of their children.

This boy has never been in trouble before, and I am quite sure that this has been a mad lesson to him, and that if given a chance now that he will make good, and lead a good, law-abiding life.

I desire to say further that he has employment awaiting him the very day he gets out of the prison, and will say also that I shall be glad to take the responsibility of having him paroled to me in case you decide to do so. While I realize that the person to whom one is paroled cannot have the personal supervision of the party, still I am old enough, and have experience enough to materially aid him in the selection of his work and his associates.

Hoping to be able to do something in his behalf, I remain,

Bill Bussell a big ton of monkey, and they are afraid of him. They have had two ~~hot~~
men here outside of other other to take some one.

Listen Mr. Horner. I am not a fool given very much for
right pay - but when I needed to get these yellow turned out to be putting the
finger on every poor loser or if that comes here, that they can't use.
Who has something to get rid of and it is M.G. got him mailed. and it
one of the who has been good and sell it on with him, just bring
up that dirty plot, smitch fingered Graham. You know they have their own
skins, their own chest - own maniacs die - are criminal - own Hitler - own Hitler
would like to have to big judges. but you see what the reflected bone about it.

is ~~dead~~ is a pester - the Sheriff is a bunch his - bunch - they aren't so and so
and so - before the red man judge. Do you see, just like he has them
murdered by Jesus and Graham can put your life on a float - You know they will
able anything that is big and crooked. so give a poor Champ a break once in
while and see about these the big jobs that are consider in every time -
They took a car load of Gold signed bill used by these guys as a check. they had
got rid of them, don't let them, some say they put them in a big box in Gold at hotel

They have their own private wire in their pool-rooms
and get inside info before you do sometimes in this latest
rap they knew it 10 days before they were mailed. and a
month before they sent Big Scarface full of cash etc etc with 1000
req to fix and the man that went with him as they say was
an old D.P. man about 36 to 42 yrs old 5 ft 9 or 10 weight about
155 to 170 Close cropped brown mustache rather dark yellow complexion
some say it was to fix some of those box - 5-10-20 1/3 -
snatch money. others to say that it was to square up
to Dillinger outfit as they were on the way here to spend
summer at Calvera. as new place to hide out have been
built. built to beat the income as they Bank Club outfit were
short for 80% after not reporting on winning 700% with
the Bank Club - so they built at the Lake as they won
480,000 - Clear. beat one over 100% another 150% per Bankster Fisher
and this outfit in town Bank Club beats them winning 700% in 1932
last year claims to have broken even when for per. for. for. african
May - they won 26% to the good and in June won 41% July 78% Aug 67%
Sept 91% that one cum. amount of 40% Oct. 31% Nov. Dec. -

They have a code on the races and they get plenty info
Big Jack shucks his shoulder and is willing to tell to / that they
won't do a thing to M. Kay or Red Upahan - You know the Police
Commissioner just is their chief book-keeper and fixer. it
is a right to see Upahan and Scarface giving fast and
magnificent orders - every body laughs. When the prohi
raiders came in Upahan Mac Kay and their book-keepers
met them at the train and had their manager on the door

ask Father and I will send them in a ~~box~~ and them to Mexico
tried of the rap as M. K and I have a 11 year old ref. for the
work of pigeon-holes here and the U. D. atty is afraid as
they were all touched with the money. They make
not anyone they go after - if you send for one of them they
it facing you - and casually pull out a handkerchief from
their back pocket and a lot of \$100 and 50 notes scattered over the
low they are all crushed up and then the talk about just
running it from a Champ - and you press the last number
and never for you and you won a \$1 note or \$2 note - easy.
and they are so bold and game about it.
You know they got most every official

and they are no tools and pure about it. You know they got most every official
one in their slatches one way or the other they got all the money
in Nevada never lost a dime in these jugs - and even the Gov.
they get him drunk and have him play a squeeze wheel and lose
or 16th cuff and then tear up the tabs or 10.00: not a bribe but
an act of friendship. They got the funk officer R - eats out of
their hand rooms with ¹⁵ and dines with him, rides the big broncos in
The Chief of state Dick is the one who shot ^{and} M. K in the butt when
he was making a fit, with bone as they thought but it was 500 pieces of
gold it was squared and M. K. partner committed suicide in that
affair he shot himself pneumonia in the back. As they made Mr. R - Chief

and keep the floating cars in repair. and Lee a turned to Grapes.
he has 30 men under him and so are tails they put double
and triple tails on all strangers so that is why they beat every
dick that comes to town whether a flat top or Mr. Pickles - it is to
laugh to see the Chief parade a ~~present~~ finger before the top as if
showing him around. They had a big R. Y. did Lee a few months ago
and sent him on parade while Bill Smith (comet monicker) light store
Steers went to prison and got 20 yrs to prison the big and did

had them stored up. Across their road where the stage
was made for 16% of the inn of 70 y. - which they got without
a word they gutted it first of all the best stuff and took it

You know this is the around for all big stuff they own
over to M. guns and cutters rifles and they has made presents of
over 200 empty doctor or model rods to friends - now Mr. Crotcher
was knocked off because he drank a little and would want
to be band-railed for his connection in protecting the final
bogus mail touch. he had charge of 3 or 4 of them and let
one duck with a dance-hall twist. and they were sure
as the duckee was wiring for Jack all the time. and
they still have Big Bone Runners on this land as he is the
one who got the cars for them. and this don't see. for they
had Big Jobe and for Boat of Salter's hotel clear up for them.
took the pros and plunders back and forth. put the pros out there then
the giant business as they are the big pros in that also put up
with Jack's Harris in Cal Faud P. G. and here. won't listen to a pale under
